*Space Stations* Marcia Zappa, 2011-01-01 Introduces space stations including details on their purpose how they are maintained and the kind of work astronauts do while in a space station [The Space Station Decision](#) Howard E. McCurdy, 2008-01-16 Selected by Choice Magazine as an Outstanding Academic Title Outstanding Academic Title 1991 Choice Magazine Although building a space station has been an extraordinary challenge for America's scientists and engineers the securing and sustaining of presidential approval congressional support and long term funding for the project was an enormous task for bureaucrats *The Space Station Decision* examines the history of this controversial initiative and illustrates how bureaucracy shapes public policy Using primary documents and interviews Howard E. McCurdy describes the events that led up to the 1984 decision to build a permanently occupied international space station in low Earth orbit As he follows the trail of the space station proposal through the labyrinth of White House policy review McCurdy explains the evolution of the presidential budget review process the breakup of the cabinet system the proliferation of subcabinets and Executive Office interagency the involvement of White House staff in framing issues for presidential review and the role of bureaucracy in advancing administration legislation on Capitol Hill Comparing the space station decision to earlier decisions to go to the moon and to build the space shuttle McCurdy shows how public officials responsible for long term science and technology policy maneuvered in a political system that demanded short term flexibility *Space Station* Andrew J. Stofan, 1987 [A space station for America](#) John D. Hodge, 1983 *Life on a Space Station* Andrew Einspruch, 2012-08-15 Readers gain a better understanding of space and life on a space station through fun facts presented in accessible language A trip inside the International Space Station ISS and exploration of the realities of daily life for those onboard will engage readers of all levels They will also learn about the many things space exploration has taught us and how scientists have applied this new knowledge to our everyday lives **The International Space Station** David Baker, 2017-08-01 Mars is one of the most explored planets in the solar system Machines called probes and rovers gather photographs and information from Mars to be sent to Earth Learn more in *Journey to Mars* one of the titles in the All About Space Science series This series examines the history and science of space exploration It also delves into the careers and technological advancements associated with this exciting field of study *See Inside a Space Station and Other Spacecraft* Rosie Dickins, 2017-06 This is a brief history of spacecraft from early days and the race to the Moon to the development of space stations and the ISS International Space Station and the latest plans to explore Mars and beyond produced in association with the UK Space Agency **The Space Station** Theodore R.
