

Survey of Poetry Authors and their Unique Styles

1. William Shakespeare Shakespeare wrote his plays in a style called blank verse, which is a pattern of lines without rhyme. He used iambic pentameter, a specific rhythm. Although most of his plays followed this pattern, there are parts with different types of poetry or plain prose. Shakespeare's sonnets also used iambic pentameter, except for Sonnet 145, which used iambic tetrameter. His writing style and choice of rhythm were common in his era, influenced by other writings of the time.

2. Emily Dickinson Emily Dickinson writes in a unique way that can be puzzling for some. Two things that make her stand out are her use of capital letters and dashes in poems. She uses dashes to highlight things, show missing words, or replace commas and periods. Emily also capitalizes nouns without a clear reason. She skips helping verbs and connecting words, and her pronouns can be unclear. Despite these quirks, she creates impressive effects by compressing language. Dickinson, who read Webster's Dictionary in isolation, uses unusual words in her poems. She employs various types of rhyme sparingly, making her distinct from other poets of her time.

3. Maya Angelou Maya Angelou's writing is difficult to categorize because she didn't stick to a specific style or rhyming scheme. In many of her poems, she used a simplified form of English called Black Secular, along with metaphors related to slavery. She employed a call and response format, creating verbal interaction with the reader. Poems like 'Still, I Rise' and 'Sepia Fashion Show' protested the government's ban on teaching Black Secular in schools and highlighted existing racism in America. Some argue that her poems, including 'I Know Why the Caged Bird Sings' and 'Phenomenal Women,' follow a blues-based model with verses and a repeated "chorus," reflecting her likely influence from blues music, a genre born from the expression of grief and storytelling by slaves.

4. Robert Frost Robert Frost wrote in a blend of old-fashioned 19th-century style and modern 20th-century techniques. He was a contemporary poet who combined traditional meter with New England language. As he aged, his writing became more abstract, influenced by his religious and political views. Frost included personal details in his poems, often depicting everyday life in New England. His love for New Hampshire is clear in many poems, considering it one of the best states. Critics attribute his regionalism to his realistic approach rather than political beliefs. Frost, a highly renowned poet, received four Pulitzer Prizes. He stayed true to his unique style, avoiding trends, and expressed the world in simple detail without experimental techniques.

5. Langston Hughes Hughes, in his poems, used the music, rhythm, and images of his African-American heritage. He employed jazz and blues styles to shape his poems, differing from the goals of the typical black middle-class. Criticizing assimilation and skin-color prejudices, he depicted the "low-life" with themes of loneliness, despair, and humor. Popular poems like "The Blues," "Still Here," and others reflect the influence of jazz and blues, showcasing his unique style.

6. John Keats Keats uses expressive language in his poems, creating a rich and musical style. He incorporates various poetic tools like alliteration, metaphors, and personification to build rhythm. Some of his famous works include "Ode on Melancholy," "Ode on a Grecian Urn," "Ode to Autumn," and others. His popular sonnets include "Bright Stars! Would I were steadfast as Thou Art" and "When I have Fears that I may Cease to be."

7. Lord Byron Lord Byron played a key role in the Romantic Movement, bringing unique ideas about life and nature to literature. While his early work, "Fugitive Pieces," faced criticism, his later pieces, like "The Prisoner of Chillon" and "Darkness," gained global acclaim for discussing reality without embellishments. He skillfully used various literary techniques in his diverse works to explore themes of love and nature.

8. Henry Wadsworth Longfellow Henry is known for expressing his feelings and thoughts uniquely in his writing. Instead of using simple words, he liked to play with different styles like free verse and hexameter. His published works show his versatility, ranging from epic poems to sonnets. In his early works, he focused on teaching moral lessons, but later on, he explored religious beliefs and cultural values. Henry used allegory and various literary elements like imagery, similes, metaphors, and sound
