Aftermath Of The Holocaust:

The Mental Health Consequences of Torture Ellen Gerrity, Terence M. Keane, Farris Tuma, 2001-03-31 In 1997 the National Institute of Mental Health assembled a working group of international experts to address the mental health consequences of torture and related violence and trauma report on the status of scientific knowledge and include research recommendations with implications for treatment services and policy development This book dedicated to those who experience the horrors of torture and those who work to end it is based on that report [Trauma, Postmodernism and the Aftermath of World War II](#) Paul Crosthwaite, 2009-01-29 The radical postmodernist waves of experimentation that swept Anglo American fiction from the late 1960s constitute a delayed response to the upheavals of the Second World War yet the legacy of the war barely figures in prevalent accounts of the postmodernist movement As Paul Crosthwaite shows in this provocative book to recognize the significance of the war in contemporary culture is to acknowledge that postmodernism as a sensibility aesthetic style and mode of thought must be entirely reconceived Challenging dominant theorizations of the postmodern as depthless and dehistoricized Crosthwaite demonstrates that postmodernism has not abandoned history but has rather reformulated it in terms of trauma trauma that is traceable time and again to the catastrophes of the 1940s The book stages a revealing confrontation between influential theories of trauma and postmodernism and offers innovative close readings of key texts by Virginia Woolf Thomas Pynchon Michael Moorcock J G Ballard Richard Powers and Ian McEwan

Searching for Justice After the Holocaust Michael J. Bazyler, Kathryn Lee Boyd, Kristen Nelson (Lawyer), Rajika Shah, 2019 The Nazis and their state sponsored cohorts stole mercilessly from the Jews of Europe In the aftermath of the Holocaust returning survivors had to navigate a frequently unclear path to recover their property from governments and neighbors who had failed to protect them and who often had been complicit in their persecution This book is about the less publicized area of post Holocaust restitution involving immovable real property confiscated from European Jews and others during World War II **The Longest Shadow** Geoffrey H. Hartman, 1996 Distinguished literary scholar Geoffrey H Hartman himself forced to leave Germany at age nine collects his essays both scholarly and personal that focus on the Holocaust Hartman contends that although progress has been made we are only beginning to understand the horrendous events of 1933 to 1945 The continuing struggle for meaning consolation closure and the establishment of a collective memory against the natural tendency toward forgetfulness is a recurring theme The many forms of response to the devastation from historical research and survivors testimony to the novels films and monuments that have appeared over the last fifty years reflect and inform efforts to come to grips with the past despite events like those at Bitburg that attempt to foreclose it The stricture that poetry after Auschwitz is barbaric is countered by the increased sense of responsibility incumbent on the creators of these works **Christian Theology After the Shoah** James F. Moore, 2004 This book takes up the challenge of providing a way to do Christian theology that is both sensitive to the questions arising in the Shoah and

incorporates the advances of Jewish Christian dialogue Moore's approach also offers new thinking on the difficult texts of the Christian passion narratives as an example of the post Shoah Christian theology He expresses a hopeful outlook that we are on the threshold of a new stage in theology and dialogue a new generation of thinkers both Jewish and Christian are asking how we can move forward and apply the lessons learned from the events of the Shoah After the Deportation Philip Nord,2020-12-03 A total of 160 000 people a mix of r sistants and Jews were deported from France to camps in Central and Eastern Europe during the Second World War In this compelling new study Philip Nord addresses how the Deportation as it came to be known was remembered after the war and how Deportation memory from the very outset became politicized against the backdrop of changing domestic and international contexts He shows how the Deportation generated competing narratives Jewish Catholic Communist and Gaullist and analyzes the stories told by and about deportees after the war and how these stories were given form in literature art film monuments and ceremonials **After the Great Divide** Andreas Huyssen,1986 One of the most comprehensive and intelligent postmodern critics of art and literature Huyssen collects here a series of his essays on pomo Village Voice Literary Supplement his work remains alert to the problematic relationship obtaining between marxisms and poststructuralisms American Literary History challenging and astute World Literature Today Huyssen's level headed account of this controversial constellation of critical voices brings welcome clarification to today's murky haze of cultural discussion and proves definitively that commentary from the tradition of the German Left has an indispensable role to play in contemporary criticism The German Quarterly we will certainly have after reading this book a deeper understanding of the forces that have led up to the present and of the possibilities still open to us Critical Texts a rich multifaceted study The Year's Work in English Studies Huyssen argues that postmodernism cannot be regarded as a radical break with the past as it is deeply indebted to that other trend within the culture of modernity the historical avant garde After Such Knowledge Eva Hoffman,2005-04-27 Sixty years after the Holocaust the author of *Lost in Translation* explores the difficult process of preserving an authentic version of its tragic events *The Jewish People and Jesus Christ After Auschwitz* Jakob Jocz,1991-10-08 The author marks the end of World War II as the closing of an important period of history and the possible new beginning for the Jewish people the church and the world at large He cites two events as of major importance the creation of the Jewish state of Israel and the second Vatican Council He takes a look at the evolution of a new kind of Judaism that is more tolerant and accepting of Jesus as Jew just as the church intensifies its commitment to Judaeo Christian dialogue Originally published by Baker Book House in 1981 **Nineteenth Century and After** ,1905 *The Nineteenth Century and After* ,1901 **The Watches of the Sacred Passion with Before and After** Peter Gallwey,1896 *The Watches of the Sacred Passion, with Before and After* Peter Gallwey (S.J.),1894 On Feminist Ethics and Politics Claudia Card,1999 For years mainstream feminist ethics focused criticism on male supremacy Feminist philosophers in this volume adopt a less male focused stance to look closely at oppression's impact on women's agency and on women's relations

with women Examining legal social and physical relationships these philosophers confront moral ambiguity moral compromise and complicity in perpetuating oppression Combining personal experience with philosophical inquiry they vividly portray their daily engagement with oppression as both victims and perpetrators They explore such issues as how pornography silences women and radical feminist politics complicity in racism Among these insightful essays Sandra Bartky argues that women share guilt for racism when they benefit from it without protest Susan Brison reflects on uses of narrative in trauma recovery from such experiences as being targeted for rape or murder Joan Callahan examines fallout of derogatory speech directed at lesbians Virginia Held proposes carrying care into marketplaces and governments and in her introduction Claudia Card draws on Primo Levi s conception of gray zones in exploring dangers of character damage to victims of misogyny A fitting companion to Card s highly regarded *Feminist Ethics* this volume interweaves observations on character political ethics violence and love into an accessible sourcebook for students It tackles some of feminism s most pressing issues and helps readers to identify and then overcome the real damage caused by oppression

[Aftermath of the Holocaust and Genocides](#) Victoria Khiterer, Erin Magee, 2020-04-02 While many works have been published on different aspects of the Holocaust and genocides their aftermath and impact on society still require further research and discussion in scholarly literature This book illuminates unknown aspects of the aftermath of the Holocaust and genocides and discusses trials of Holocaust and genocide perpetrators commemoration of the victims attempts to revive Jewish national life and outbreaks of post World War II anti-Semitism It also analyzes the representation of the Holocaust and genocides in literature press and film The volume includes thirteen articles which are based on recently discovered archival materials and provides new approaches to the research of the Armenian genocide the Holodomor ethnic cleansing and the Holocaust
