Anti-Theist: Against Religion: And Why You Should Be Too! Chris Mallard, 2019-03-12 Anti Theist And This Is Why is an introductory look into atheism anti theism and uses quotes scriptures and a dash of humor to help the nonbeliever and believer alike understand what it is to be a person who is against religion I give the reader a clear understanding of the differences between a theist deist atheist agnostic and an anti theist then I discuss numerous topics including the treatment of women in religion the sheer ridiculousness of the ancient text these belief systems are based on and the charlatans who use it as a weapon to prey on the weak and helpless I realize the term Anti Theist and the idea of forbidding someone from practicing and teaching a religion sounds so very horrible but you've got to ask yourself the question why Why would all of us atheist nutbags and our numbers are growing want to take God out of your courthouses off your money ban it from public practice or display and heaven forbid ban you from teaching it to your children Why would someone want to do that Read the book and find out If you're a religious person you could see this as a Know thy enemy moment Study up on us devil worshiping baby eating anti theists and see why we think you're the crazy ones Mmmm baby Thank you and enjoy Caution Grown up concepts and there is a bit of adult language chrismallard101 gmail com <https://www.facebook.com/christopher10>

[Against Religion](#) Tamas Pataki, 2007 Shortly before his death Anton Chekov wrote to Diaghilev I can only regard with bewilderment an educated man who is also religious Tamas Pataki shares that bewilderment The idea that the world's main religions particularly Judaism Christianity and Islam have been fatally undermined since the Enlightenment has been proved spectacularly wrong Statistics show that traditional faith retains strong support in the USA 85 per cent of people claim to believe in God in Nigeria 98 per cent in Indonesia at least 90 per cent in Ireland 87 per cent The revival of Orthodoxy in Russia and Eastern Europe religious stirrings in atheistic China the growth of extreme Hindu nationalism in India and the appeal of Islamic fundamentalism all show that there is still a vital hankering for religion The religious have become more influential in world affairs than they have been for centuries This is especially true in the United States where white Evangelical Christians are having a conspicuous social and political impact George W Bush Osama bin Laden and many

of their associates believe themselves to be doing God's will but according to reports only the first of these mass murderers thinks that he is receiving instructions directly from the Almighty And while there is general agreement that certain fundamentalisms are a menace to civil society they are usually seen as transient perversions to be cured by a re-assertion of a more wholesome tradition Tamas Pataki does not agree Against Religion is a brave and controversial book which argues that extremist religions are branches of the same noxious tree and that nearly all religion is a disease born of fear and a source of untold misery He argues that we need to seriously consider the possibility that for many people their religiosity is founded on something akin to mental illness or infantilism **Physical religion** Friedrich Max Müller, 1891
