Social Sciences Timothy Rutzou, George Steinmetz, 2018-08-09 This volume examines the relationship between history philosophy and social science and contributors explore questions concerning realism ontology causation explanation and values in order to address the question what does a post positivist social science look like Main Currents in American Thought, 1930 Maurice Mandelbaum and American Critical Realism Ian F. Verstegen, 2009-12-16 Many have wondered about the similarity in name of American critical realism and the movement of the same name begun by Roy Bhaskar The figure of Maurice Mandelbaum complicates the relationship not only due to his career bridging the two movements but also Mandelbaum's concern not only with traditional concerns of American critical realism epistemology and philosophy of science but the nature of society the nature of social explanation and naturalism This volume reflects both on Mandelbaum's own career and the relation of his thought to Bhaskar's critical realism By examining Mandelbaum's commitments to phenomenology within critical realism as well as his goal to enlighten social scientific and above all historiographical categories it is possible to see how Mandelbaum went beyond the scientific realism of his predecessors At the same time a fruitful comparison with Bhaskar's and others thought is undertaken by examining Mandelbaum's solutions to the problems of the ontology of sociology and social laws the dynamics of cultural change and the overriding master narratives that govern late capitalism By explaining Mandelbaum's scrupulous attempt to address the horrors of the twentieth century it is possible to appreciate his significance for the twenty first A timely and important book Maurice Mandelbaum and American Critical Realism is essential reading for all serious students of critical realism and twentieth century philosophy **The Formation of Critical Realism** Roy Bhaskar, Mervyn Hartwig, 2010-01-25 This series of interviews conducted in the form of exchanges between Roy Bhaskar the originator of critical realism and the later philosophy of meta reality and Mervyn Hartwig a leading commentator on critical realism tells a riveting story of the formation and development of critical realism
