## **Behind Bars The Problems Plaguing Our Correctional System:**

Behind Bars Robert C. Rowland, 1989-01-01      **A Plague of Prisons** Ernest Drucker, 2013-05-28 The public health expert and prison reform activist offers meticulous analysis on our criminal justice system and the plague of American incarceration The Washington Post An internationally recognized public health scholar Ernest Drucker uses the tools of epidemiology to demonstrate that incarceration in the United States has become an epidemic a plague upon our body politic He argues that imprisonment originally conceived as a response to the crimes of individuals has become mass incarceration a destabilizing force that damages the very social structures that prevent crime Drucker tracks the phenomenon of mass incarceration using basic public health concepts incidence and prevalence outbreaks contagion transmission potential years of life lost The resulting analysis demonstrates that our unprecedented rates of incarceration have the contagious and self-perpetuating features of the plagues of previous centuries Sure to provoke debate and shift the paradigm of how we think about punishment A Plague of Prisons offers a novel perspective on criminal justice in twenty first century America How did America's addiction to prisons and mass incarceration get its start and how did it spread from state to state Of the many attempts to answer this question none make as much sense as the explanation found in this book The Philadelphia Inquirer

**Coaching Behind Bars: Facing Challenges and Creating Hope in a Womens Prison** Clare McGregor, 2015-05-16 A common perception of coaching is that it is a high value service for highly paid executives But what if you offered it to some of the most marginalized people in our society women in prison With more potential in any one of our prisons than in any Oxbridge college discover how coaching can unlock clients whatever their context Clare McGregor celebrates the amazing resilience of the human spirit and her book will challenge a lot of your preconceptions about prisons and prisoners Willingness to take risks and learn from mistakes helped coaching adapt and thrive even behind bars The process and questions for a prisoner are the same as for any client Who are you What do you want to change How are you holding yourself back Equally importantly the book asks What does it take to work in this challenging environment Dozens of fascinating stories bring reality to life that coaching changes lives as readily in a prison as in a boardroom All coaches have something to learn from this book that they can immediately use in their own practice Remarkable book Dark humour The Times This remarkable book tracks McGregor's work giving life coaching to women in HMP Styal Focusing not on what offences have been committed but practical and tough solutions to help clients achieve inner strength Clare McGregor has changed the lives of women and staff at HMP Styal largely with nothing more than a prisoner number a bicycle and optimism Clare is a star and the outcomes are stellar To understand the reference read the book it will change your life and the lives of others inside and out Professor Felicity Gerry QC I rarely suggest that a book should be required reading on coach training courses but I have no hesitation in doing so in this case David Clutterbuck Professor and Co founder European Mentoring it oozes humanity on every page It is a challenging read people not acquainted with the realities of crime and punishment will

learn a lot about both from the powerful case studies and from the author's personal reflections. Those well acquainted with crime and punishment through their work will be challenged to rethink what they do and how they do it. Clare McGregor tells us that humans come up with better solutions by being curious rather than furious (p.6) but I think I disagree; it is the combination of both insatiable curiosity and consuming fury at human suffering and injustice that makes her and her book so special. As one woman she has coached puts it, you ask all the right questions. Readers of this book should be prepared to be challenged like anyone else Clare coaches to come up with their own answers but the author certainly helps us along the way.

Fergus McNeill, Professor of Criminology and Social Work, University of Glasgow, UK. A stark and thought-provoking read that totally makes sense. Having witnessed first-hand the importance of coaching, assisting and empowering a person who may have made a few ill-judged choices in life to turn a bad situation good, I applaud the author for keeping it real whilst demonstrating the true value of coaching.

James Timpson, OBE, Chief Executive of Timpson and Chair of the Prison Reform Trust. Clare McGregor founded Coaching Inside And Out in 2010, a charity coaching men, women and young people on both sides of the prison gate. Clare is a creative coach, writer and speaker with over 25 years' experience working with leaders running businesses and developing services for those dealt the toughest hands in life.
