Robbins Landon (tr. from the German by Richard Wadleigh and Eugene Hartzell Ludwig van Beethoven, Howard Chandler Robbins Landon, Richard Wadleigh, Eugene Hartzell, 1974 Beethoven Howard Chandler Robbins Landon, 1970 **Beethoven H. C. Robbins Landon, 1970** Beethoven Howard Chandler Robbins Landon, 1970 *Beethoven's Chamber Music in Context* Angus Watson, 2012 A noted violinist and conductor Watson is particularly well suited for his chosen task outlining the historical context and character of more than 50 of the chamber works that Beethoven composed during his years in Vienna Avoiding the pitfalls of becoming too critical or academic the author characterizes each composition in general terms only and does not discuss changing styles of performance Instead Watson provides information on a work's historical background and character and on the musical points of interest in each movement He pays special attention to the influence of Beethoven's large scale compositions on his chamber music and on the composer's increasing mastery of improvisation Filling a hole in scholarship on Beethoven's compositions this book will be greatly appreciated by professional and amateur musicians

the musical cultural and economic environments in which they appeared As the first of its kind this study demonstrates that as a result of their different functions published dedications and handwritten inscriptions are distinct from one another and for that reason they have been classified in different categories This book therefore challenges the idea of what exactly can be termed as a dedication a concept which extends far beyond the dedication of musical works The Beethoven Newsletter,1991 The Critical Reception of Beethoven's Compositions by His German Contemporaries Wayne M. Beethoven in Person Peter J. Davies,2001-05-30 This critical reevaluation of the causes of many of Beethoven s illnesses offers detailed accounts of the treatments applied by his physicians and a comprehensive rendering of the composer s final illness death and burial Separate chapters discuss the causes of many of Beethoven s illnesses his autopsy and the exhumations Following the rediscovery of the original Latin autopsy report in 1970 the author has discovered two faulty translations which he argues contributed to errors in earlier medical assumptions New evidence disputes earlier assertions that Beethoven s deafness resulted from syphilis This fascinating account of Beethoven s ailments should appeal to Beethoven enthusiasts and to both the medical and music communities **Beethoven** Denis Matthews,1997 Exploring the
