Before And After The Shape And Shaping Of Prose:

Before and After Donald Lewis Emblen, Arnold Solkov, 1986-01-01 **Before and After** D. L. Emblen, Arnold Solkov, 1985-12-01 **The Shaping of Text** John Porter Houston, 1993 The Shaping of Text pays homage to the work of the late John Porter Houston who wrote extensively on style rhetoric and narrative and poetic techniques in Western European literature It is appropriate that the essays in this volume focus on the form of the literary work and the ways in which form determines meaning William Calin s essay on the saint s life analyzes the use of antithesis as a poetic and structural device that illustrates the saint s fundamental understanding of the relationship between the ephemeral reality of his physical existence and the absolute timeless reality to which he aspires Raymond LaCharite s study of Rabelais focuses on the author s self conscious awareness of this relationship and of Renaissance preoccupation with reading as both an act of creation and interpretation George Joseph s study of three Renaissance poets focuses on the use of paradox as both a figure of speech and as a genre that serves both as a structure and as a basis for the interaction in the poetry David Rubin s essay on La Fontaine emphasizes the ways in which the register of style in the Fables is used to set the tone and control the meaning of the language In the chapters devoted to nineteenth and twentieth century literature one can see the continuing closer relationship between the book as a work of art and the reality in which it interacts Suzanne Nash analyzes the strategy Mme de Stael uses in writing *De l Allemagne* a book written less to present an accurate portrayal of Germany than to promote her own republican ideals for France Ross Chambers s essay probes the question of the theme of melancholy in Romantic writing and its relationship to the social and political structures of the period Edward Kaplan shows how a growing ethical social concern can be seen in Baudelaire s revised *Les Fleurs du Mal* Rima Reck and Edward Kaplan reflect the growing use of literature as a vehicle for influencing public opinion Stirling Haig analyzes Flaubert s careful use of style and his awareness that reality is ultimately shaped by the beholder s perspective Finally Virginia La Charite s chapter on Proust returns to the idea of a structure within a structure in this case the architecture of the cathedral as a metaphor of synthesis an aesthetic device that gives an intelligible structure to Proust s enormous but intricately complex mass of details If John Porter Houston focused on form and style it is because he understood the semiotic nature of all things that a writer s style is a subtle form of refined communication or as Houston wrote style is an absolute manner of seeing things for Proust a question of vision and so constitutes the ultimate reality of literature
