AIDS Inge B. Corless, Mary Pittman Lindeman, 2014-07-10 First published in 1989 Routledge is an imprint of Taylor Francis an informa company **Principle, Practice, and the Politics of Educational Reform in Meiji Japan** Mark Elwood Lincicome, 1995-01-01 Scholars of modern Japan agree that education played a crucial role in that country's rapid modernization during the Meiji period 1868-1912. With few exceptions however, Western approaches to the subject treat education as an instrument of change controlled by the Meiji political and intellectual elite. *Principle Praxis and the Politics of Educational Reform in Meiji Japan* offers a corrective to this view. By introducing primary source materials including teaching manuals, educational periodicals, and primary school textbooks missing from most English language works, Mark Lincicome examines an early case of resistance to government control that developed within the community of professional educators. He focuses on what began in 1872 as an attempt by the newly established Ministry of Education to train a corps of professional teachers that could civilize and enlighten the masses in compulsory primary schools. Through the Tokyo Normal School and other new teacher training schools sponsored by the government, the ministry began what it thought was a straightforward technology transfer of the latest teaching methods and materials from the United States and Europe. Little did the ministry realize that it was planting the seeds of broader reform that would challenge not only its underlying doctrine of education but its very authority over education. The reform movement centered around efforts to explicate and disseminate the doctrine of *kaihatsushugi* (developmental education). Hailed as a modern scientific approach to child education, it rejected rote memorization and passive learning elements of the so-called method of pouring in *chunyu* knowledge practiced during the preceding Tokugawa period and sought instead to cultivate the unique innate abilities of each child. Orthodox ideas of education, knowledge, and the process by which children learn were challenged. The position and responsibilities of the teacher were enhanced, consequently providing educators with a claim to professional authority and autonomy at a time when the Meiji state was attempting to control every facet of the Japanese school system. *Principle Praxis and the Politics of Educational Reform in Meiji Japan* analyzes a key element to understanding Meiji development and modern Japan as a whole.

The Education of Eros Dennis L. Carlson, 2012-05-22 *The Education of Eros* is the first and only comprehensive history of sexuality education and the problem of adolescent sexuality from the mid-20th century to the beginning of the 21st. It explores how professional health educators, policy makers, and social and religious conservatives differed in their approaches and battled over what gets taught about sexuality in schools, but all shared a common understanding of the adolescent body and adolescent desire as a problem that required a regulatory and disciplinary education. It also looks at the rise of new social movements in civil society and the academy in the last half of the 20th century that began to reframe the problem of adolescent sexuality in a language of rights, equity, and social justice. Situated within critical social theories of sexuality, this

book offers a tool for re framing the conversation about adolescent sexuality and reconstructing the meaning of sexuality education in a democratic society

The Gay and Lesbian Liberation Movement Margaret Cruikshank,2014-04-04 Gay and lesbian liberation as a sexual freedom movement as a political movement and as a movement of ideas historical roots legal issues and links with other movements The author emphasises the role of women

Safe Migration and the Politics of Brokered Safety in Southeast Asia Sverre Molland,2021-07-19 The book investigates how the United Nations governments and aid agencies mobilise and instrumentalise migration policies and programmes through a discourse of safe migration Since the early 2000s numerous non governmental organizations NGOs UN agencies and governments have warmed to the concept of safe migration often within a context of anti trafficking interventions Yet both the policy enthusiasm for safety as well as how safe migration comes into being through policies and programs remain unexplored Based on seven years of ethnographic fieldwork in the Mekong region this is the first book that traces the emergence of safe migration why certain aid actors gravitate towards the concept as well as how safe migration policies and programmes unfold through aid agencies and government bodies The book argues that safe migration is best understood as brokered safety Although safe migration policy interventions attempt to formalize pre emptive and protective measures to enhance labour migrants well being the book shows through vivid ethnographic details how formal migration assistance in itself depends on and produces informal asnd mediated practices The book offers unprecedented insights into what safe migration policies look like in practice It is an innovate contribution to contemporary theorizing of contemporary forms of migration governance and will be of interest to sociologists anthropologists political scientists and human geographers working within the fields of Migration studies Development Studies as well as Southeast Asian and Global Studies The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9781003185734> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Gospel Alive Catholic Health Association of the United States,1988

The Politics and Everyday Practice of International Humanitarianism Miriam Bradley,2023 Through a combination of detailed case studies of humanitarian emergencies and thematic chapters which cover key concepts actors and activities this book explores the work of the largest international humanitarian agencies Its central argument is that politics play a fundamental role in determining humanitarian needs practices and outcomes In making this argument the book highlights the many challenges and dilemmas facing humanitarian agencies in the contemporary world It covers significant ground temporally geographically and thematically The book is divided into four sections providing a wide ranging survey of contemporary international humanitarianism The first section begins by presenting chapter length case studies of the international responses to eleven humanitarian emergencies from the 1960s to the present day across Africa Asia the Caribbean and Europe the second explains key concepts and trends in international humanitarianism the third discusses how the work of international humanitarian agencies interacts with a range of other actors including media celebrities donors states civil

society military forces and armed groups who have significant impacts on humanitarian response and outcomes and the fourth turns to the operations and activities undertaken by aid agencies on a daily basis Ideally suited as a high level introduction for students of international humanitarianism the empirical detail and lucid analysis additionally make *The Politics and Everyday Practice of International Humanitarianism* an invaluable point of reference for more established scholars

The Top Books of the Year Aids Principles Practices And Politics The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
