Sound of the Crowd: a Discography of the '80s (Fourth Edition) Steve Binnie, 2018-11-05 SOUND OF THE CROWD A DISCOGRAPHY OF THE 80s is the ultimate record collector's guide to the 1980s. In the era of multi-formatting, picture discs, coloured vinyl, multiple remixes, funny shaped records and tiny CDs you could lose down the back of the sofa, this book lists every format of every single, EP and album released in the UK in the 1980s by over 140 of the decade's biggest acts from ABBA to Paul Young. This fourth edition has been fully revised and expanded to include even more acts than ever before with additional sections to cover Band Aid style charity congregations and compilation albums from the early 80s K Tel efforts through to the Now That's What I Call Music series and its competitors. Compiled by Steve Binnie, editor of the 80s music website Sound of the Crowd and writer, producer and co-host of the unconventional 80s chart show Off The Chart broadcast weekly on Mad Wasp Radio.

Art of Sound Andrew Knight-Hill, Emma Margetson, 2023-12-20 Bringing together a diverse group of world leading professionals across Post Production, Film Sound and Electroacoustic Music, *Art of Sound* explores the creative principles that underpin how sonic practitioners act to compose, tell stories, make us feel and communicate via sound. Revealing new understandings through analysis of interdisciplinary exchanges and interviews, this book investigates questions of aesthetics, perception and interpretation, unveiling opportunities for a greater appreciation of the artistry in sound practice which underpins both experimental electronic music and the world's leading film and television productions. It argues that we can better understand and appreciate the creative act if we regard it as a constantly unfolding process of inspiration, material action and reflection. In contrast to traditional notions which imagine outputs as developed to reflect a preconceived creative vision, our approach recognises that the output is always emerging as the practitioner flows with their materials in search of their solution, constantly negotiating the rich networks of potential. This enables us to better celebrate the reality of the creative process, de-centring technologies and universal rules and potentially opening up the ways in which we think about sonic practices to embrace more diverse ideas and approaches. *Art of Sound* provides insight into the latest developments and approaches to sound and image practice for composers, filmmakers, directors, scholars, producers, sound designers, sound editors, sound mixers and students who are interested in understanding the creative potential of sound.

Contemporary Opera in Flux Yayoi U Everett, 2024-10-15 In twelve essays, *Contemporary Opera in Flux* discusses a series of shifts that taken together have radically redefined the production and reception of opera. Focusing on productions involving late twentieth and twenty first century scores and libretti, the contributors draw on conversations with members of creative teams and studies of archival material, dipping into a historical record that remains in flux as composers, librettists, directors and designers revisit existing work and create anew. The contributors to this volume push the boundaries of contemporary opera scholarship by examining works that disrupt operatic conventions, tackle sociopolitical issues such as drug trafficking, racial injustice and cultural trauma, and advance underrepresented works by female African American, Asian

and avant garde composers around the globe Contemporary Opera in Flux bridges the gaps between expanding literature on opera theater new music postmodern dramaturgy and posthuman aesthetics while also confronting larger questions of identity representation and narrative agency that are at the forefront of contemporary music scholarship This collection of essays engages critically with the past out of a conviction that amid general public perceptions of opera as anachronistic or elitist contemporary opera has emerged as an artistic incubator for experimentation Gabrielle. A tale. By S. B., C.D. S. B.
