An Earth Poem, and Other Poems Gerda Dalliba, 2015-06-25 Excerpt from *An Earth Poem and Other Poems* Here is a book that seems to me to have touches of the wild beauty which we have all agreed to call poetic genius The strict craftsman will perhaps find blemishes and obscurities in the structure of these poems but he will also find those rarities of thought and feeling that will be a delight There is a rift of genius in this ledge of song and genius is so rare and precious a thing that wherever found it should call out gratitude and not grumbling In *An Earth Poem* Gerda Dalliba sets forth in lyric beat her passionate thoughts about man and his long eons of evolution Here life is touched in its vaster origins and issues In the first part *Children of Sod* man is seen in his mere sense hunger and earth wrestle In the second part *Children of Air* man begins to wonder over life and to send his restless heart across the stars But in the last part *Children of Sun* man dreams of the long purpose of God and fares forth in daring adventures of the Spirit It is a strange poem that voices the unceasing flux of life About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
