The Identity of John the Evangelist Dean Furlong,2020-01-23 This book examines the various Johannine narratives found in writings in the period from Papias early second century to Eusebius early fourth century Dean Furlong argues that the first major revision of the Johannine narrative was the identification of John the Evangelist with John the Apostle the son of Zebedee at the beginning of the third century This in turn initiated a process of reinterpretation as the previously separate narratives of the two figures were variously spun into new configurations during the third and fourth centuries This process culminated with Eusebius s synthesis of the Johannine traditions which came to form the basis of what is considered the traditional Johannine story Furlong concludes that in the earliest narrative found in Papias John the Evangelist was identified not with the Apostle but with another disciple of Jesus known as John the Elder

Creation in Six Days James B. Jordan,1999 *Creation in Six Days* offers an exegetical literary and theological defense of the traditional interpretation of the Genesis account of six day creation Jordan s account is primarily designed to answer any approach to the text of Genesis such as the increasingly popular Framework Hypothesis that pits the text s literary features against its historical and narrative sense Beyond his exegetical critique of several prominent positions Jordan offers a constructive reading of the early parts of Genesis and also seeks to uncover the assumptions which attract people to the Framework Interpretation and similar views The explanation he says lies in the acceptance of many of the questionable assumptions of modern science on the part of most Christians today coupled with the pervasiveness of a gnostic or nonhistorical attitude toward the Christian faith

A Reasonable Faith N. E. Kurz,2025-07-30 Do you have questions about God and ultimate reality Have you ever wondered about origins values and destiny You re not alone Millions of people in our generation face genuine difficulties regarding questions of life and faith such as Why is there suffering Is God really there How do I cope with death Although many people struggle with tough questions such as these most Christians downplay the importance of philosophical questioning Thus seekers of truth are often reluctant to ask the awesome questions lurking just beneath the surface Understanding firsthand the current de emphasis on religious questioning N E Kurz has written *A Reasonable Faith Finding Faith Through Rational Evidence* to call attention to the seriousness of the situation and provide a context for asking and answering important questions In *A Reasonable Faith* she not only highlights the fact that an objective approach to the spreading of the gospel is desperately needed today but also provides insights and answers to such questions as Why do we need to reason our faith Is it wrong to doubt or question Is it enough to just believe Is Christianity just a psychological crutch Are all religions true Does the Bible conflict with science

Was Jesus really God Is the Bible truly God s word What is God like Why do some professed believers fall astray Book Review In confronting her own grief she had to ask the fundamental religious questions that plague many people For those who are struggling with these very real questions she provides a starting point from which they may continue to grow Booklist

The Gospels and Acts Michael Wilkins, Craig A. Evans, Darrell L. Bock, Andreas J. Köstenberger, 2013-10-01 The most comprehensive volume ever produced in defense of the Gospels and Acts The four Gospels and the book of Acts tell stories of Jesus life and the birth of Christianity Are these stories true history or just religious fiction Christians accept the stories as true and say that the entire Bible is a reliable communication inspired by God Against this non Christians have argued that the Bible is a book of legends myths and historical inaccuracies just another example of human religious endeavor In this volume four world class New Testament scholars address challenges to the reliability of the Gospels and Acts In order to identify the most important challenges the authors drew from the literature of skeptics and New Testament critics plus they included questions that many Christians ask as well The result is the most comprehensive defense of the Gospels and Acts that has ever been published The primary purpose of the Holman Apologetics Commentary on the Bible is to equip readers to defend the reliability of Scripture and the historic evangelical understanding of its teachings It is designed for use by general readers though scholars will find it a probing and welcome resource as well A secondary purpose is to encourage awareness and discussion of Bible difficulties that are not commonly mentioned from the pulpit or even the seminary lectern This is not a verse by verse commentary The authors were provided an index that identified verses known to be relevant to the topics of apologetics and biblical reliability They restricted their comments to these verses plus any others that they recognized as germane to the aims of this project Typically each commentary note begins by stating the challenge or challenges regarding the text at hand We attempt to state the case in all its potency as a critic would state it This approach takes seriously the critical viewpoint and helps ensure that the reader feels the full weight of the challenge The contributors take each challenge seriously and seek to describe viable solutions that support faith and align with a high view of Scripture
