Who Killed Panayot? Omri Paz, 2021-04-29 Who Killed Panayot retells the true story of an opium robbery and subsequent police investigation that took place in the port city of Izmir in 1850. What started as a simple case soon turned into a diplomatic crisis between two bygone empires as the investigation provoked strong tensions between the British community in Izmir and the local Ottoman authorities. These tensions were exacerbated by the death of one of the suspects a gardener named Panayot after he was interrogated by the police. Drawing on a wide range of archival sources from the affair Paz skilfully reconstructs this untold saga. Through microhistory and sociolegal analysis he pieces together the lives of the outlaws and policemen involved in the case and sheds important light on the history of opium smuggling and the impact of interrogation under torture. Paz argues that a culture of lying was adopted by both British and Ottoman officials in face of the new legal reality that forged the concepts of human rights and the rule of law. This book will be of interest to students and scholars of microhistory as well as those interested in sociolegal history, non-Western modernity and the Ottoman Empire.

The Berlin-Baghdad Railway and the Ottoman Empire Murat Özyüksel, 2016-08-30 Railway expansion was the great industrial project of the late 19th century and the Great Powers built railways at speed and reaped great commercial benefits. The greatest imperial dream of all was to connect the might of Europe to the potential riches of the Middle East and the Ottoman Empire. In 1903 Imperial Germany under Kaiser Wilhelm II began to construct a railway which would connect Berlin to the Ottoman city of Baghdad and project German power all the way to the Persian Gulf. The Ottoman Emperor Abdul Hamid II meanwhile saw the railway as a means to bolster crumbling Ottoman control of Arabia. Using new Ottoman Turkish sources Murat Özyüksel shows how the Berlin-Baghdad railway became a symbol of both rising European power and declining Ottoman fortunes. It marks a new and important contribution to our understanding of the geopolitics of the Middle East before World War I and will be essential reading for students of empire, Industrial History and Ottoman Studies.

Ottoman Wars, 1700-1870 Virginia Aksan, 2014-01-14 The Ottoman Empire had reached the peak of its power presenting a very real threat to Western Christendom when in 1683 it suffered its first major defeat at the Siege of Vienna. Tracing the empire's conflicts of the next two centuries *The Ottoman Wars: An Empire Besieged* examines the social transformation of the Ottoman military system in an era of global imperialism. Spanning more than a century of conflict the book considers challenges the Ottoman government faced from both neighbouring Catholic Habsburg Austria and Orthodox Romanov Russia as well as arguably more importantly from military, intellectual and religious groups within the empire. Using close analysis of select campaigns Virginia Aksan first discusses the Ottoman Empire's changing internal military context before addressing the modernized regimental organisation under Sultan Mahmud II after 1826. Featuring illustrations and maps many of which have never been published before *The Ottoman Wars* draws on previously untapped source material to provide an original and compelling account of an empire near financial and societal collapse and the successes and failures of a military system.

under siege The book is a fascinating study of the decline of an international power raising questions about the influence of culture on warfare *The Great Powers and Orthodox Christendom* Jack Fairey,2015-09-15 This new political history of the Orthodox Church in the Ottoman Empire explains why Orthodoxy became the subject of acute political competition between the Great Powers during the mid 19th century It also explores how such rivalries led paradoxically both to secularizing reforms and to Europe s last great war of religion the Crimean War Gerald Fitzmaurice (1865-1939), Chief Dragoman of the British Embassy in Turkey Geoff Berridge,2007 Drawing on indiscreet private letters this biography provides the first full assessment of a consul whose influence with both British and Turkish officials was often thought malign Gerald Fitzmaurice 1865 1939 who served in Constantinople before the First World War The New Werner Twentieth Century Edition of the Encyclopaedia Britannica ,1906 *Collected Materials for the Study of the War* ,1918 **Analytical and classified catalogue of the library of the parliament of Queensland** Denis O'Donovan (C.M.G.),Queensland.
