## **Earth Angels:**

**Earth Angels** Doreen Virtue, 2002-09-30 In the same way that *The Indigo Children* was a phenomenon that was much talked about before the book came out and explained it, *Earth Angels* is a topic of much discussion among spiritually minded people world wide. Four years ago Doreen Virtue wrote an article on the topic and then a chapter in her book *Healing with the Angels* and then more information in *Healing with the Fairies*. Since that time Doreen has been flooded with letters from people who resonate with the idea requesting more information. *Earth Angels* will be the first book devoted to the topic. Doreen will describe the five different types of lightworkers: Incarnated Angels (those who had previous lives as angels but who are now here as humans), Incarnated Elementals (those whose previous lives were in the elemental kingdom as fairies, elves, etc.), Starpeople (those who have lived the majority of their past lives on other planets), Walk Ins (those who came from a high spiritual realm and walked in to another person's life as that soul gladly exited their body), and Reincarnated Sorcerers, Sorceresses, and Wizards (those whose most recent past life was during Arthurian or Atlantean times when they practiced high magic). The book will include dozens of case studies, a fascinating analysis of an extensive survey that Doreen has conducted among people who identify with the five types of Earth Angels, and guidance to help readers to feel happier about their lives, their own idiosyncrasies, and their missions.

*Living with an Angel 'can be hell'* Dr. Phil Etherson, 2018-04-06 The author of this book is a researcher and looks at all aspects from a qualitative evidential point of view. On the other hand, the author's wife is a qualified Angel Therapist and therefore looks to ethereal explanations for events. As such, this book describes conflicts of opinion and how they can be resolved during life's journey. This book therefore takes a different look at angels and spirituality from the standard tomes on angels and considers them from a neutral point of view with comment, information, and humour along the way. This allows for an objective reflection which illustrates how angels and perhaps wives can influence the life of an individual, including those who do not believe in them, angels, not wives, perhaps, whether they wish them to or not.

*Earth Angels* Shaun McNiff, 2001-05-01 By the time you finish this book, the term inanimate object will no longer have a place in your vocabulary. For Shaun McNiff will awaken you to the wondrous energies streaming out of familiar things and bringing a sense of magic into everyday life. Join the author as he discovers the autonomous spirits of a silver Mercedes convertible, a mysterious cigarette burn on the dining room table, and the scary shadow of a tree outside a child's room. Contemplate with him the bleakness of a hotel conference room and the crucifix that hung over his childhood bed. Let him lead you on a field trip to the unholy lands of the shopping mall and faculty meeting, to the familiar spirits of his seaside New England homes, to the realm of dream, reverie, and memory as he demonstrates how to connect with the life-giving energies of images and things, places, and people. These are the earth angels, spirits of everyday life that call for the return of our lost soul to the world. Unlike the images of winged beings that now pervade popular culture, the earth angels also include the soul's unattractive messengers whose mission may require offense, pain, or fear as a preparation for change and renewal.

Does a Styrofoam cup have soul McNiff says yes for the most debased things show us that the presence of the divine depends upon the quality of attention that we bring to our experiences
