The Planet Earth We Live

1

The Earth in which we live can be considered as a marvelous creation of nature. According to the available information, the Earth is the only planet that consists of a land and water with a congenial environment for living beings.

The Earth revolves round the Sun while spinning around its axis. The Earth's movement around the Sun is called the journey around the Sun. The Earth takes 24 hours to complete one revolution around the Sun. The Earth's movement around its own axis is called rotation.
