Easternization The Spread Of Japanese Management Techniques To Developing Countries:

Easternization Raphael Kaplinsky, Anne Posthuma, 2013-01-11 Japanese industry has shown its superiority in a range of traded goods sectors It was thought that this competitive advantage arose from the use of electronics based flexible automation technologies but it is now clear that the major source of this industrial strength is in the development and diffusion of new management techniques such as just in time production and total quality management A number of Western firms have begun to introduce these management techniques and have begun to reap significant benefits not just in lowering costs but also in improving product variety and quality and in being able to satisfy customer needs more effectively This is a practical and relevant book for those involved in the areas of policy and production as well as being of relevance to those in the teaching and research communities

Easternisation Raphael Kaplinsky, Anne Posthuma, 1994 What can developing countries learn from the phenomenal success of Japanese manufacturing Not the application of capital intensive imported automation technologies but instead the use of a radically new set of management techniques These revolutionise the organisation of work require different factory layouts alter the scheduling of production through the factory and change the relationship with suppliers and customers

Legal Traditions of the World H. Patrick Glenn, 2007 Previous editions published 2nd 2004 and 1st 2000

Competitiveness and Development Mehdi Shafaeddin, 2012-09-15 In *Competitiveness and Development* the author explains the confusion surrounding the concept of competitiveness in the context of developing countries proposes policies for achieving competitiveness at a high level of development examines its possibilities and constraints and suggests policy changes necessary at the national and international levels Shafaeddin illustrates how developed countries impose restrictive policies on developing countries through international financial institutions and the WTO as well as regional and bilateral agreements which limit their policy space for promoting dynamic comparative advantage in order to achieve competitiveness at a high level of development Ultimately such policies lock developing countries that are at early stages of development in specialization based on static comparative advantage and competitiveness at a low level of development

Asian Firms Frank B. Tipton, 2008-01-01 This book appeals to a wide range of readers who might be interested in the historical development of Asian economies evolutionary trajectories of Asian firms institutional change and dynamics in Asia and management and organization of Asian firms For readers who are interested in specific Asian economies this book will also be useful because it provides a comparative perspective that examines different Asian economies and their forms in a single work Henry Wai chung Yeung National University of Singapore Tipton provides a fresh approach to understand how Asian firms differ from their western counterparts Paul Beamish University of Western Ontario Canada Frank Tipton s book is a comparative study of the management structures of Asian firms As Asian economies continue to expand the management of Asian firms becomes ever more important whether they are suppliers customers partners or rivals As the author argues Asian firms are very different from their Western counterparts and these differences

reflect the variations in national history and institutions within which they operate Asian Firms compares Chinese Japanese Korean and Southeast Asian management structures and sets them in their historical and institutional context Based on a wide range of interviews and material drawn from a variety of disciplines the argument is framed by the sayings of the legendary strategist Sun Tzu and the renowned businessman Tao Zhu gong A series of case studies illustrate the strengths and weaknesses of the approaches of managers in each of the national traditions Asian Firms asks in each case what Western managers can learn from Asian firms and what Asian firms can learn from each other With a multidisciplinary approach and emphasis on practical lessons and tools the book will be of great use and interest for managers It will also appeal to students and researchers of international business postgraduate management students in courses with a comparative or Asian emphasis as well as academics and researchers of Asian studies
