Double Going American Poets Continuum:

Double Going Richard Foerster,2002 A poetic sequence whereby a son s lost self attempts to emotionally connect with his dead father American poets continuum series [Anonymus AC00434218],1979 **The Burning of Troy** Richard Foerster,2006 The Burning of Troy was catalyzed by the rapid death of Richard Foerster s partner of fifteen years However Foerster s lines are less a private testament of loss and grief than the universal voicing of a lover s confrontation with mortality To connect to this universal experience Foerster consciously employs various distancing devices voices and mythic allusions And as always in his poetry there is an attention to the natural world with its hidden symbolic and metaphysical resonances **Forthcoming Books** Rose Army,2002 American Book Publishing Record ,2002 The Book Review Digest ,2003 Autobiographies by Americans of Color 1980-1994 Rebecca Stuhr,1997 This bibliography provides extensive descriptive annotations of nearly 500 autobiographies published by Americans of color during the years 1980 and 1994 The authors of these narratives range from established writers such as Nikki Giovanni Maxine Hong Kingston and Richard Rodriguez to unknown writers compelled to relate their part in the civil rights movement recall their family history as sharecroppers recount experiences in the Japanese internment camps or in Indian boarding schools or describe their struggle to succeed and contribute despite immense hardship and difficulty Among these autobiographies the reader will also find those of sports celebrities actors explorers and entrepreneurs This bibliography brings together at one access point an important body of work making it possible for the reader or researcher to identify and locate these books either through booksellers or through libraries This volume constitutes volume one of a two book series volume two is titled Autobiographies by Americans of Color 1995-2000 **Afro-American Poets Since 1955** Trudier Harris (ed),Thadious M. Davis,1985 Essays on African American poets whose works helped to shape a contemporary literature but also helped to reclaim recapture and reshape a culture through their inventiveness and wisdom and have invigorated Afro American and American literature in language style form and substance New Serial Titles ,1985 African American Review ,2000 **Trillium** Richard Foerster,1998 Like Francis Ponge and Rainer Maria Rilke Richard Foerster is a poet of great patience seeing into objects be they tulips fiddleheads wood ducks and capturing their deeper energies TRILLIUM shows how what we might call marginalia is what in fact enriches our lives **The Greenwood Encyclopedia of American Poets and Poetry** Jeffrey Gray,2006 The most comprehensive reference on American poetry ever assembled this encyclopedia includes more than 900 alphabetically arranged entries contributed by approximately 350 scholars Written for students and general readers this set covers poetry from the colonial era to the present and gives special attention to contemporary poets and their works Multicultural in scope the Encyclopedia covers poets genres critics poetic terms and movements Its entries range from Caribbean to Confessional Poetry from Dada to Eco poetics from Gay and Lesbian Poetry to Literary Magazines New Formalism and more The Colby Library Quarterly ,1999 **Soon Come** Hugh Hodges,2008 Soon Come celebrates Jamaican poetry as an expression and

extension of the island's rich spiritual traditions offering fresh insights into some of the late twentieth century's most important and influential poetry. Drawing inspiration from the history of Myal Kumina Revivalism and Rastafari, Hodges develops a critical language for the discussion of a wide range of Jamaican texts both oral and written. Beginning with traditional proverbs and Anancy stories, *Soon Come* explores healing rituals, possession rites, and miracles in Revival hymns, the seminal poetry of Claude McKay, Una Marson, and Louise Bennett, the Rastafari-influenced reggae of Bob Marley, Jimmy Cliff, Bunny Wailer, and Ras Michael, the dub poetry of Linton Kwesi Johnson and Mutabaruka, and the groundbreaking work of Dennis Scott, Anthony McNeill, and Lorna Goodison. What emerges is a profoundly hopeful vision of Jamaican poetry as an ongoing ritual that engenders the future even as it reimagines the past. Written in a lively, accessible style, *Soon Come* will appeal as much to the general reader as to the academic, to the serious Bob Marley fan as much as to the student of New World religious traditions.

Black Writers in Latin America Richard L. Jackson, 1979

Contemporary Women Poets Pamela L. Shelton, 1998. Biographical, bibliographical, critical entries on nearly 250 of the most prominent women poets currently writing and/or publishing in the English language today. Editor's note, p. xiii.

Diversifications: Poems A. R. Ammons, 1975-10-17. *Diversifications* is a collection of shorter poems by the poet whose *Collected Poems* won the National Book Award. The poems are on a diversity of subjects, but through them all runs the strong unity of vision that has led critic Geoffrey Hartman to acclaim Ammons as a major American poet. *New York Times Book Review*: "If his importance was suspected before, wrote the poet John Ashbery in *The New York Review of Books*, it is now confirmed. Ammons came late to poetry and has come even more lately into national recognition. That recognition is solid, however, and can only be increased by this his latest volume."

Proceedings of the American Society for Psychical Research American Society for Psychical Research, 1969

A Critical Study of the Birth Imagery of Sylvia Plath, American Poet, 1932-1963 David John Wood, 1992. By investigating Plath's maternal experience between 1959 and 1963, its transformation into unique poetic imagery has been elicited through a detailed exegesis of her verse and novel. This is an examination of how maternity helped Plath originate a new faith style and direction in her writing. Full use is made of the dating of *The Collected Poems* to rectify previous confusion and omissions, and the vital interaction between her life and art is considered in the light of the available biographic materials, despite their limitations. This work does not, however, limit her work to a single perspective, but synthesizes the soundest elements of diverse critical reaction at the same time, exposing fashionable misconceptions that still distort her art.

Contemporary Poets Thomas Riggs, 1995. Approximately 800 entries offer an impressive representation of living poets and invite you and your patrons to delve into an eclectic mix of remarkable talents. This fully revised 6th edition of *Contemporary Poets* responds to and studies transformations occurring in English language poetry during the 1900s.
