*Down and Out in Eighteenth-Century London* Tim Hitchcock, 2004-11-01 London in the 18th century was the greatest city in the world It was a magnet that drew men and women from the rest of England in huge numbers For a few the streets were paved with gold but for the majority it was a harsh world with little guarantee of money or food For the poor and destitute London s streets offered little more than the barest living Yet men women and children found a great variety of ways to eke out their existence sweeping roads selling matches singing ballads and performing all sorts of menial labor Many of these activities apart from the direct begging of the disabled depended on an appeal to charity but one often mixed with threats and promises *Down and Out in Eighteenth Century London* provides a remarkable insight into the lives of Londoners for all of whom the demands of charity and begging were part of their everyday world *Down and Out in Early America* Billy G. Smith, 2010-11-01 It has often been said that early America was the best poor man s country in the world After all wasn t there an abundance of land and a scarcity of laborers The law of supply and demand would seem to dictate that most early American working people enjoyed high wages and a decent material standard of living *Down and Out in Early America* presents the evidence for poverty versus plenty and concludes that financial insecurity was a widespread problem that plagued many early Americans The fact is that in early America only an extremely thin margin separated those who required assistance from those who were able to secure independently the necessities of life The reasons for this were many seasonal and cyclical unemployment inadequate wages health problems including mental illness alcoholism a large pool of migrants low pay for women abandoned families The situation was made worse by the inability of many communities to provide help for the poor except to incarcerate them in workhouses and almshouses The essays in this volume explore the lives and strategies of people who struggled with destitution evaluate the changing forms of poor relief and examine the political religious gender and racial aspects of poverty in early North America *Down and Out in Early America* features a distinguished lineup of historians In the first chapter Gary B Nash surveys the scholarship on poverty in early America and concludes that historians have failed to appreciate the numerous factors that generated widespread indigence Philip D Morgan examines poverty among slaves while Jean R Soderlund looks at the experience of Native Americans in New Jersey In the other essays Monique Bourque Ruth Wallis Herndon Tom Humphrey Susan E Klepp John E Murray Simon Newman J Richard Olivas and Karin Wulf look at the conditions of poverty across regions making this the most complete and comprehensive work of its kind ***Down and Out in Britain* Jeremy Sandford, 1972** ***Down and Out* Tony Wilkinson, 1981** *National and English Review* , 1930 *Official Reports of the Debates of the House of Commons of the Dominion of Canada* Canada.
