The Knights of the Cross Henryk Sienkiewicz,1900 It is in the very first rank of imaginative and historical romance The time and scene of the noble story are laid in the middle ages during the conquest of Pagan Lithuania by the military and priestly order of the Krzyzacy Knights of the Cross And the story exhibits with splendid force the collision of race passions and fierce violent

individualities which accompanied that struggle Those who read it will in addition to their thrilling interest in the tragical and varied incidents gain no little insight into the origin and working of the inextinguishable race hatred between Teuton and Slav It was an unfortunate thing surely that the conversion of the heathen Lithuanians and Zmudzians was committed so largely to that curious variety of the missionary the armed knight banded in brotherhood sacred and military To say the least his sword was a weapon dangerous to his evangelizing purpose He was always in doubt whether to present to the heathen the one end of it as a cross for adoration or the other as a point to kill with And so if Poland was made a Catholic nation she was also made an undying and unalterable hater of the German the Teutonic name and person Goodreads **How to Retire Without Retreating** Johnnie C.
