Door Into The Ocean:

A Door Into Ocean Joan Slonczewski, 2000-10-13 Joan Slonczewski's *A Door into Ocean* is the novel upon which the author's reputation as an important SF writer principally rests. A ground-breaking work both of feminist SF and of world-building hard SF, it concerns the Sharers of Shora, a nation of women on a distant moon in the far future who are pacifists, highly advanced in biological sciences, and who reproduce by parthenogenesis; there are no males, and it tells of the conflicts that erupt when a neighboring civilization decides to develop their ocean world and send in an army.
