## **Dos 62 Simplified:**

*Get to Know Your Tongue Drum. 62 Simple Songs for Absolute Beginners* Helen Winter, The steel tongue drum aka tong drum tank drum gluck o phone hapi drum mandala or lotus drum and the handpan aka hank drum UFO drum zen drum are percussion musical instruments designed to help you focus on your feelings sensations and body You don t need classical music training or knowledge of music theory to play them The main purpose is relaxation meditation and traveling through your inner world Playing traditional music notes is difficult for people who have no musical knowledge You need to know the rhythmic value of each note its place on the staff note duration and its combination with other notes To be aware of all this simultaneously demands music experience and advanced skills Nevertheless even if you have never studied music you can begin to play complicated melodies and also experiment with your tongue drum in a meditative way No previous training or skills are necessary to enjoy these fascinating instruments It is impossible to play them incorrectly Anyone can play them those who want to develop a good sense of rhythm and an ear for music those who are seeking relaxation after a hard day at work those who have always had an interest in learning how to play a musical instrument and those who want to introduce something unusual into their lives and explore their inner selves All songs in this book have been written without using the classic music score system because it is for absolute beginners who cannot read sheet music We collect very simple and well known songs and melodies with easy rhythms You can begin to play just now using circles that contain either a number without having to consider note duration key or time signatures These numbers correspond to those on the keys of your tongue drum So you just need to follow the numbers We use circles with numbers because most modern tongue drums have numbers engraved or painted on their keys We do not show the note duration we just group the circles closer to each other to show the rhythms You can experiment with a duration on your own Because most tongue drums include and are tuned to involve the notes of the main octave all songs from this book are possible to play in one octave This book includes very simple popular children s and folk songs but even well known children s songs played on the drum will create an unusual magical sound Attention Songs have been transposed for a DIATONIC range Some melodies might be changed and simplified
