*Dowry of Danger* R. L. Smithson,1984      **Dangerous Dowry** Catherine Connor,1992      **Dangerous Dowry** Catherine O'Connor,1992      *The Rights of Women. A Comparison of the Relative Legal Status of the Sexes in the Chief Countries of Western Civilisation* ,1875      **Reports of Cases Argued and Determined in the Supreme Court of Louisiana and in the Superior Court of the Territory of Louisiana. [1809-1896]** Louisiana. Supreme Court,Thomas Courtland Manning,François-Xavier Martin,Merritt M. Robinson,1909      **Civil Code of the State of Louisiana, Revision of 1870** Louisiana,1945      **Woman and the Law** George James Bayles,1901 This work is designed to serve the purposes of a general view of the legal condition of the women of the United States at the present time and is more especially for the reading of women Preface The work deals with such topics as marriage contracts alimony guardianship of children divorce including among Mormons rape property rights of married women wills and suffrage      Civil Code of Louisiana Louisiana,1947      **Reports of Cases Argued and Determined in the Supreme Court of Louisiana** Louisiana. Supreme Court,1871      **Dowry of Danger** Charles W. Smithson,1990-01-01 Set in Athens immediately after the world war 2 the book engagingly tells the story of Sargeant A McGow of the British Military Mission McGow gets mixed up with local politics and local girls and has a series of hair raising adventures      *Rights of Women in Louisiana* William Octave Hart,1922      Parliamentary Papers Great Britain. Parliament. House of Commons,1916      The Art of Matching Charts Gayatri Devi Vasudev,2002-01-01 Matching of charts for marriage is a very important area of astrology Matching becomes indispensable if we realise that there are more factors than meet the eye that go to make a marriage not only happy but also lasting This volume on the important subject of horoscope matching is meant to give a correct idea of the complex process involved in it It is a complete and comprehensive guide to the intricate art of matching charts Nowhere in the world except perhaps in India have marriages survived lifelong for generations This is solely because marriages are made on astrological factors For the first time ever this book tells you what actually constitutes matching of charts and how to go about it It shows you how to overcome the situation when charts show marriage breakdown due to premature death severe incompatibility mental and psychological aberrations loss of spouse infidelity It contains practical examples from the author s case studies on good matching poor matching dosharidden matching dosha free matching This book is a compilation of author s editorials that have appeared earlier in The Astrological Magazine The illustrations and the questions and answers are additional and aimed at clearing some common doubts usually encountered while matching charts will help in removing many misconceptions on the subject amongst the laymen and in educating the students on the complex art of matching      *Women's Human Rights* Susan Deller Ross,2013-10-09 According to Susan Deller Ross many human rights advocates still do not see women s rights as human rights Yet women in many countries suffer from laws practices customs and cultural and religious norms that consign them to a deeply inferior status Advocates might conceive of human rights as involving torture extrajudicial killings

or cruel and degrading treatment all clearly in violation of international human rights and think those issues irrelevant to women Yet is female genital mutilation practiced on millions of young girls and even infants not a gross violation of human rights When a family decides to murder a daughter in the name of honor is that not an extrajudicial killing When a husband rapes or savagely beats his wife knowing the legal authorities will take no action on her behalf is that not cruel and degrading treatment Women s Human Rights is the first human rights casebook to focus specifically on women s human rights Rich with interdisciplinary material the book advances the study of the deprivation and violence women suffer due to discriminatory laws religions and customs that deny them their most fundamental freedoms It also provides present and future lawyers the legal tools for change demonstrating how human rights treaties can be used to obtain new laws and court decisions that protect women against discrimination with respect to employment land ownership inheritance subordination in marriage domestic violence female genital mutilation polygamy child marriage and the denial of reproductive rights Ross examines international and regional human rights treaties in depth including treaty language and the jurisprudence and general interpretive guidelines developed by human rights bodies By studying how international human rights law has been and can be implemented at the domestic level through local courts and legislatures readers will understand how to call upon these newly articulated human rights to help bring about legislation court decisions and executive action that protect women from human rights violations
