Noam,2009-10-19 People have worried for many years about the concentration of private power over the media as evidenced by controversy over Federal Communication Commission rulings on broadcast ownership limits The fear it seems is of a media mogul with a political agenda a new William Randolph Hearst who could help start wars or run for political office using the power of the media In the light of these concerns about freedom of speech Eli Noam provides a comprehensive survey of media concentration in America covering everything from the early media empire of Benjamin Franklin to the modern day cellular phone industry *The Daily Planet* Patricia Aufderheide,2000-01-01 The Daily Planet is a long awaited selection of Patricia Aufderheide s most important critical essays updated and organized thematically to demonstrate the breadth of her thinking on media and film public telecommunications policy and contemporary society The result is a pithy and provocative exploration of the culture of daily life under capitalism Here Aufderheide demonstrates criticism that is both activist and analytical She probes the processes that shape our culture by examining diverse subjects including the struggle to create quality children s television programming the meaning of Paul Harvey the evolution of the war film over the past thirty years and the ways journalism is changed by the Internet and other new technologies Throughout Aufderheide foregrounds democratic values displaying the penetrating insights that have made her a leading public intellectual and commentator on contemporary culture ***Broadcasting & Cable*** ,2007

Broadcasting Politics in Japan Ellis S. Krauss,2018-09-05 The aftermath of Japan s 1945 military defeat left its public institutions in a state of deep crisis virtually every major source of state legitimacy was seriously damaged or wholly remade by the postwar occupation Between 1960 and 1990 however these institutions renewed their strength taking on legitimacy that erased virtually all traces of their postwar instability How did this transformation come about This is the question Ellis S Krauss ponders in *Broadcasting Politics in Japan* his answer focuses on the role played by the Japanese mass media and in particular by Japan s national broadcaster NHK Since the 1960s television has been a fixture of the Japanese household and NHK s TV news has until very recently been the dominant and most trusted source of political information for the Japanese citizen NHK s news style is distinctive among the broadcasting systems of industrialized countries it emphasizes facts over interpretation and gives unusual priority to coverage of the national bureaucracy Krauss argues that this approach is not simply a reflection of Japanese culture but a result of the organization and processes of NHK and their relationship with the state These factors had profound consequences for the state s postwar re legitimization while the commercial networks recent challenge to NHK has helped engender the wave of cynicism currently faced by the state Krauss guides the reader

through the complex interactions among politics media organizations and Japanese journalism to demonstrate how NHK television news became a shaper of Japan's political world rather than simply a lens through which to view it *The Working Press of the Nation*, 1998 V 1 Newspaper directory v 2 Magazine directory v 3 TV and radio directory v 4 Feature writer and photographer directory v 5 Internal publications directory **The Radio Broadcasting Industry** Alan B.
