Budapest Gambit:

Play the Budapest Gambit Andrew Martin, 2021-07-01 The Budapest Gambit 1 d4 Nf6 2 c4 e5 is an aggressive dynamic approach for meeting 1 d4 and is a great line for throwing opponents onto their own resources It is certainly double edged as Black moves the same piece twice early on and also sacrifices a pawn This pawn is often quickly regained but one of the great advantages of the Budapest is that if White tries to hang on to the pawn and many players do Black can quickly whip up a ferocious attack A great number of materialistic but unprepared White players have found themselves swiftly demolished by Black s tremendously active pieces When White is more circumspect and allows Black to regain the pawn play proceeds along more sedate strategic lines where Black enjoys free and easy development Experienced chess author and coach Andrew Martin examines all key variations of the Budapest There is an emphasis on typical middlegame structures and the important plans and manoeuvres are demonstrated in numerous instructive games Includes complete repertoires for Black with both 3 Ng4 and 3 Ne4 Comprehensive coverage featuring several new ideas Take your opponents out of their comfort zone

The Fabulous Budapest Gambit Viktor Moskalenko, 2017-11-13 The Budapest Gambit is popular with club and internet chess players all over the world and it is easy to see why It has surprise value it s not hard to learn and it leads to sharp and dynamic play from the very start of the game But what about its strategic value When Grandmaster Viktor Moskalenko started playing the Budapest many years ago its all round appeal struck him and since then he has won many games with it This book contains quite a few of Moskalenko s own games as well as games by other star players from the past and the present They illustrate perfectly the dynamic character of this gambit as well as its solid strategic foundations Moskalenko does not shower you with long computer generated variations but clearly explains the plans for both White and Black Moskalenko s lively style will infect you and encourage you to start playing this opening which is a great weapon at any level from club player to grandmaster This new edition is completely reworked and fully updated from the original 2007 publication It has been extended by 25% and contains new analysis new games new ideas and lots of novelties
