Bunge,1983 **State** ,1992 Myanmar Global Investment & Business Inc,Inc. Global Investment & Business Center,2006-04 Geography history people language culture traditions economy government politics constitution places to visit info for travelers Updated Annually **Southeast Asia: A Ten Nation Region** Ashok K. Dutt,2012-12-06 This book introduces the ten nation region of Southeast Asia The main themes of the book are diversity differential development and changing socio economic and political setting affecting these characteristics in the 1990s The nations of Southeast Asia have different languages three dominant religions Buddhism Islam and Christianity varied levels of economic development that range from bare agricultural subsistence to highly urbanized and highly developed The historically based core areas of these countries have evolved on their own Moreover the effects of Indian Chinese Islamic and Western cultures have been experienced differently in different nations at different times in their histories This book is intended to be understood by all those who want an initial introduction to Southeast Asia As many aspects of the book are the result of an in depth research carried out by the contributing authors it is also a valuable reference The contributing authors have portrayed the basic spatial aspects of the region as well as their relevance in the 1990s based in novel ways and through original interpretations All first and some second authors of chapters are professors All but one have Ph Os Most contributing authors are geographers but with different sub specialties P P **The Burma Road to Poverty** Mya Maung,1991-08-30 Although political upheavals and mass killings in the Socialist Republic of Burma Myanmar have received a great deal of international attention scholars and journalists until now have failed to identify the unique underlying factors that produced this situation and helped to maintain military dictatorship under Ne Win s successors Mya Maung looks into the deeper sources of Burmese behavior focusing on the ancient tradition of sacred despotic rule the undermining of social and cultural life during the British colonial period and the impact of conflicting cultural realities on a Communist military elite whose attempts to reinstate absolute authority compounded their gross mismanagement of economic development Maung presents an overview of the contradictions and biases expressed by writers both foreign and Burmese who have attempted to understand the Burmese and their country s recent history He next describes a traditional society in which authoritarian rule existed side by side with a marked degree of social freedom and egalitarianism Maung discusses the far reaching impact of colonialism the

transition to independence the Socialist military takeover and the progressive repression and economic failures that led ultimately to economic collapse Maung concludes with an examination of Burma's potential for utilizing its resources effectively and developing a stable economy in the transition to capitalism Based on field research hundreds of interviews and Maung's firsthand knowledge of Burmese culture this analysis contributes a balanced perspective and new information crucial to our understanding of a society that has been largely closed to outsiders for more than two decades *Global Digital Cultures* Aswin Punathambekar, Sriram Mohan, 2019-06-06 Digital media histories are part of a global network and South Asia is a key nexus in shaping the trajectory of digital media in the twenty first century Digital platforms like Facebook WhatsApp and others are deeply embedded in the daily lives of millions of people around the world shaping how people engage with others as kin as citizens and as consumers Moving away from Anglo American and strictly national frameworks the essays in this book explore the intersections of local national regional and global forces that shape contemporary digital culture's in regions like South Asia the rise of digital and mobile media technologies the ongoing transformation of established media industries and emergent forms of digital media practice and use that are reconfiguring sociocultural political and economic terrains across the Indian subcontinent From massive state driven digital identity projects and YouTube censorship to Tinder and dating culture from Twitter and primetime television to Facebook and political rumors *Global Digital Cultures* focuses on enduring concerns of representation identity and power while grappling with algorithmic curation and data driven processes of production circulation and consumption *A Country Study - Burma* United States Army, 1983 *Burma's Foreign Relations* Chi Shad Liang, 1990-10-16 The first comprehensive study of its kind this volume presents a systematic analysis of Burma's foreign relations in theory and in practice since the country's independence in 1948 The author chronicles the development of Burma's foreign policy and examines the factors or circumstances that influenced the adoption of neutralism as the cornerstone of the country's foreign policy Special attention is paid to Burma's relations with major countries both within and outside Asia in order to demonstrate the differences between the stated theory and the actual practice of neutralism An indispensable reference for students of Southeast Asian studies *Burma's Foreign Relations* will also be essential reading for researchers policymakers and historians interested in Burma's government and politics since World War II and the impact of neutralism on the country's economic development The author begins with a general survey of Burma's historical background and modern political developments in order to help the reader understand the roots of Burma's foreign policy He then traces the record of Burma's foreign relations from 1948 to the present Individual chapters explore Burma's relations with most countries in the world by geographical divisions as well as with international and regional organizations Diplomatic events are presented in chronological sequence throughout Liang concludes that while the neutralist policy has preserved Burma's independence it has turned a country with extraordinary economic potential into one of the least developed nations in the world He calls for a new foreign policy that will open the

country up for positive diplomatic relations with other countries while still adhering to neutralism Newsletter United States. Department of State,1992 **Burma's Intelligence Apparatus** Andrew Selth,1997 *New Imperial Series* Archæological Survey of India,1909
