Gareth Stevens Atlas of the World Gareth Editorial Staff,2004-01-04 Provides statistics and political and physiographic maps for the world each continent and the United States with political maps flags and statistics for each country Canadian province and state of the United States

South America, Central America and Africa Rolf Bohme,2013-10-22 Topographic mapping plays a basic and important role within the extensive field of cartography In recent years this type of mapping has become somewhat neglected and available literature is normally restricted to details concerning the programmes of individual countries often presented in the form of monographs Topographic maps are essential tools for use in development projects resource exploitation the planning of construction infrastructure and recreation They also give detailed illustration of the relative degrees of development of areas within a landscape and are thus unique in demonstrating the cultural status of a country This book is the second of three volumes and gives details and examples of topographic maps from Central and South America and Africa The information supplied for each country consists of a text including a brief history of the development of topographic mapping geodetic data map scales and series as well as extracts of maps and index sheets illustrating the present status of map coverage within that country There is currently no other work employing the approach adopted in assembling this inventory This work is a comprehensive and important reference and source book for information in the field of topographic mapping

The Conservation Atlas of Tropical Forests Jeffrey Sayer,1992-06-18 Recognizing that sound information is vital to the progress of conservation IUCN have gathered together a visual portfolio of maps of rain forests in Africa The accompanying text analyzes the extent and causes of deforestation and points a way towards sustainable forest development

Burundi's Negative Peace Ebenezer Jr. Akwanga,Ebenezer Akwanga Jr. Bsc Kale Ewusi,2010 We take you on a discovery of the root causes of African conflicts the attempts by continental organizations such as the Organization of African Unity to resolve these conflicts the reasons for the inability of the OAU AU to succeed in conflict resolution the root causes of the Burundi Conflict the Burundi Peace process as a reflection of how conflicts are resolved in Africa and why we think it does not lead to sustainable peace which we term negative peace Burundi s Negative Peace explores the largely unknown area of negative peace in Africa and specifically Burundi in the wake of the manner in which conflicts are resolved throughout the continent The use of mediation among warring parties the implementation of ceasefire agreements the establishment of a transitional government and the organization of elections has been the conflict resolution trajectory that has been religiously applied in resolving African conflicts What then is the missing link The authors fervently believe that the above mentioned techniques do not lead to sustainable peace In fact it leads to negative peace which is not peace at all The peace studies theorist Galtung decreed that Peace is not the absence of violence but peace of mind

End of Upsetting Games Lucien Nzeyimana,2014 Life is not

always a bowl of cherries As the world we live in becomes more complex we face new challenges unforeseen and almost unimaginable only a generation ago Yet for those living in oppression little changes with time Jacob Barak was born and raised in Burundi where Evildoers treated members of his tribe as immoral beings Yet as a young boy he was full of joy and optimism As he grew and his horizons widened he saw the injustice his people were subjected to He witnessed firsthand soldiers and civilians pounding their country fellows with sledgehammers and rocks or stabbing them with butcher knives and bayonets Soldiers and cops could just kill innocent people burying many others alive Some of the killers were his schoolmates classmates neighbors or friends Others were their parents or siblings Victims were his relatives friends or just acquaintances and they were of all ages Professionals were the main targets of the Evildoers Assailants and their victims had much in common They were human beings and they were Burundians Most importantly they were created in the same image of God As innocent civilians including his own family were either killed or sent into hiding Jacob strived to make a change His life journey took him into many dangerous situations escaping certain death on several occasions He crossed the borders lakes and oceans to seek asylum in foreign countries only to see that once our basic needs are met we will always strive for more ultimately seeking peace and love After struggling in numerous refugee camps where he often slept under the open sky Jacob had finally had enough Now already an adult and a father he was determined that his children would live a different life away from hatred and injustice Still by moving to Canada a land of living blue skies as he liked to call it he did not find life a rose as he hoped Thus Nikita Chissocco his childhood friend seemed to be a dream come true She epitomized the joy he had lost a link to his homeland a friend a lover and a mother to his future children Little did he know that she would only bring misery to his life Always a free spirit she soon brought his old enemies into his life threatening his family but also his very life Jacob decided to end the upsetting games by chasing demons from his house And you how far are you prepared to go in order to fulfill your dreams
