## **Buried Secrets:**

*Buried Secrets* Jonathan Ross, 2008-07 *Buried Secrets* is a suspense novel that takes place primarily in the trendy Buckhead area of modern day Atlanta. The story centers around twenty nine year old real estate broker Anne Houston as well as the dysfunctional Carmichael family one of the most wealthy and powerful families in the United States. The Carmichael family is headed by billionaire airline owner Hugh Carmichael who has acquired most of his wealth through illegal means and lives a very extravagant lifestyle. In contrast to the flashy Carmichaels Anne Houston is a single mother of a one year old son a woman who is struggling to escape her troubled past and make a fresh start in Atlanta. Not long after arriving in the city her unlikely appearance at a social gathering at a Buckhead mansion sparks a romantic relationship between herself and Hugh Carmichael who initially leads her to believe that he is single. Her resulting connection to the billionaire family causes her to become entangled in a web of lies and scandalous deceit involving multiple murders two bizarre kidnappings the glare of the national news media and a mysterious secret that has been harbored for decades. In addition to this Anne is also being stalked by a psychopathic maniac who will stop at nothing to get what he wants. With all of these obstacles threatening to bring destruction to Anne and her young son she becomes friends with Rick Fowler a detective for the Atlanta Police Department who caringly helps protect and guide her through her seemingly endless maze of problems. Central America's Forgotten History Aviva Chomsky, 2021-04-20 Restores the region's fraught history of repression and resistance to popular consciousness and connects the United States interventions and influence to the influx of refugees seeking asylum today. At the center of the current immigration debate are migrants from Central America fleeing poverty corruption and violence in search of refuge in the United States. In *Central America's Forgotten History* Aviva Chomsky answers the urgent question How did we get here? Centering the centuries long intertwined histories of US expansion and Indigenous and Central American struggles against inequality and oppression Chomsky highlights the pernicious cycle of colonial and neocolonial development policies that promote cultures of violence and forgetting without any accountability or restorative reparations. Focusing on the valiant struggles for social and economic justice in Guatemala Nicaragua El Salvador and Honduras Chomsky restores these vivid and gripping events to popular consciousness. Tracing the roots of displacement and migration in Central America to the Spanish conquest and bringing us to the present day she concludes that the more immediate roots of migration from El Salvador Guatemala and Honduras lie in the wars and in the US interventions of the 1980s and the peace accords of the 1990s that set the stage for neoliberalism in Central America. Chomsky also examines how and why histories and memories are suppressed and the impact of losing historical memory. Only by erasing history can we claim that Central American countries created their own poverty and violence while the United States enjoyment and profit from their bananas coffee mining clothing and export of arms are simply unrelated curiosities. **Life with Love and Imagination** Michelle Castañeda, 2011-05-26 *With Love and Imagination* All things are possible.
