## **Burnt Ground:**

Brother Enemy James A. Perkins, 2002 Twenty one poets male and female North Korean and South Korean well known and long forgotten appear in this collection the first of its kind in English The poems reflect the reality of living in a country torn in half by political ideologies An introduction by translator Ji moon Suh places the poems and the poets within a historical context that describes the suffering and despair of pitting brother against brother

## **Portrait Painting Atelier**

Suzanne Brooker, 2010-03-09 The art of portraiture approached its apex during the sixteenth century in Europe with the discovery of oil painting when the old masters developed and refined techniques that remain unsurpassed to this day The ascendance of nonrepresentational art in the middle of the twentieth century displaced these venerable skills especially in academic art circles Fortunately for aspiring artists today who wish to learn the methods that allowed the Old Masters to achieve the luminous color and subtle tonalities so characteristic of their work this knowledge has been preserved in hundreds of small traditional painting ateliers that persevered in the old ways in this country and throughout the world Coming out of this dedicated movement Portrait Painting Atelier is an essential resource for an art community still recovering from a time when solid instruction in art technique was unavailable in our schools Of particular value here is a demonstration of the Old Masters technique of layering paint over a toned ground surface a process that builds from the transparent dark areas to the more densely painted lights This method unifies the entire painting creating a beautiful glow that illuminates skin tones and softly blends all the color tones Readers will also find valuable instruction in paint mediums from classic oil based to alkyd based the interactive principles of composition and photograph based composition and the anatomy of the human face and the key relationships among its features Richly illustrated with the work of preeminent masters such as Millet G ricault and van Gogh as well as some of today s leading portrait artists and featuring seven detailed step by step portrait demonstrations Portrait Painting Atelier is the first book in many years to so comprehensively cover the concepts and techniques of traditional portraiture

*The Fungal Community* John Dighton, James White, Peter Oudemans, 1992-06-26 Entirely rewritten and updated throughout this Second Edition maintains and enhances the features of the first edition The Fungal Community Second Edition continues to cover the entire spectrum of fungal ecology from studies of individual fungal populations to the functional role of fungi at the ecosystem level and to present mycological ecology as a rational organized body of knowledge Acting as a bridge between mycological data and ecological theory The Fungal Community Second Edition offers such new features as an emphasis on the nonequilibrium perspective including the impact of habitat disturbance and environmental stress more information on the ecological genetics of fungal populations a chapter on the fitness of genetically altered fungi when released into the environment an examination of fungal morphological and physiological adaptations from the evolutionary ecologist s point of view an explication of the effect of fungi and insect interactions on fungal community structure and decomposition processes a section on the importance of

fungi in determining patterns of plant community development and a chapter on modeling fungal contributions to decomposition and nutrient cycling in ecosystems With over 3700 references The Fungal Community Second Edition is a resource for mycologists microbial ecologists microbiologists geneticists virologists plant pathologists cell and molecular biologists biotechnologists soil forest and environmental scientists and graduate level students in these disciplines *Civil Engineering Construction Materials* S.K.
