A Green Birthmark:

The Birth-mark Susan Howe,2015-12-03 Susan Howe's classic groundbreaking exploration of early American literature. In this classic groundbreaking exploration of early American literature Susan Howe reads our intellectual inheritance as a series of civil wars where each text is a wilderness in which a strange lawless author confronts interpreters and editors eager for settlement. Howe approaches Anne Hutchinson, Mary Rowlandson, Cotton Mather, Hawthorne, Emerson, Melville, and Emily Dickinson as a fellow writer; her insights, fierce and original, are rooted in her seminal textual scholarship in examination of their editorial histories of landmark works. In the process, Howe uproots settled, institutionalized roles of men and women as well as of poetry and prose. *The Birth mark* first published in 1993 now joins the New Directions canon of a dozen Susan Howe titles.

Chaotic Conceited God Yi JianTianYa,2020-05-27 The blood sword killing Ling Yun angrily just for the sake of the undefeatable youth Mingyu. The king of an electric race had returned home after being surprised by his mother's death. He was overcome by grief and indignation but by chance he found himself in the hands of a good-for-nothing prince who had lived in the Cold Palace with his mufei for many years. In the face of the bullying of the crowd and the marriage annulment with love, the past king of the martial way had risen once more. He had comprehended the divine path of yin and yang and seized the strongest source of power.

Mental Utopia Michael Clemons,2012-07-24 From my experiences at the factory to my time in the military as well as my history as a student at the University of Cincinnati 1979-1984 and the Community College Southern Nevada 2003-2004 and Cincinnati State Technical College 2006-2007 and as a reader of *Futurist* magazine and *New Scientist* magazine, I feel I must live a life of dedication to the evolution of not only the bourgeoisie of the Earth but also of those who take it upon themselves to live the role of a leader and enlighten all societies to see that there are no born aristocrats and that there are no guaranteed obstacles to people becoming leaders in not only their chosen field but leaders in an empiricist manner of thought for success in many areas of life. I chose to live a life of someone who wants to see that all societies are prepared for upkeep of Western style societies and not sophisticated enough to weigh their decisions about who has value to their or any society on race, flag, and religious icons, idols. My book *Mental Utopia* will show how not to let those that adhere to the parochial, whatever social conduct that is blind people to rational thought. Those said to be rich aren't guaranteed empiricists. Why should you believe the word of a person said to be an authority figure is guaranteed coming from an empirical, rational-minded person by mere reason of that so-called authority having degrees or letters. *Mental Utopia* will offer a way to perpetual happiness. *Mental Utopia* needs to be offered in high school and college university curriculums the world over. I have enjoyed peace of mind for over thirty years because of the lessons I give to you in *Mental Utopia*.
