A Guide to the Puritans: A Topical and Scriptural Index to the Writings of the Puritans and Their Successors

Robert P. Martin, 2023-09 The writings of the Puritans states Robert P Martin in his preface are a rich banquet table loaded with solid nourishment for God's people And yet this banquet is often hard to access because it can be difficult to know where to start with the Puritans or where to find help on a specific topic or text of Scripture Martin's Guide available for the first time in hardback aims to help the would be feaster access the nourishment available from the Puritans and their successors That last word is significant because the scope of Martin's indexing work extended not merely to those in the 16th and 17th centuries who might properly be called Puritans but also to figures of the 18th 19th and 20th centuries who have stood in the Reformed evangelical tradition of the Puritans both feeding on and developing their approach This is neither a scholarly apparatus nor a comprehensive guide to the corpus of Puritan writing However it is a helpful orientation to a tradition and a guide for those with an appetite to read the Puritans and their successors more and to read them better Those in search of what the Puritans had to say on specific topics and texts and those eager for some direction in their reading will be well served by the indexing labours of Robert P Martin Broad This guide uses the term Puritan in the broader sense of those advocating the experiential calvinistic religion which the Puritans exemplified It also includes their close theological kin including such men as Archibald Alexander Charles Hodge B B Warfield etc Accessible The works referenced in this guide have been intentionally limited to exclude works which are only available in libraries or private collections and rather includes recently republished works which readers would be able to locate and purchase for their use Balanced Though efforts have been made to include all older works that are currently available this guide also includes a sampling of work from living or recently deceased authors [A Guide to the Puritans](#) Robert Van De Weyer, 2000-11-01 **Meet the**
