September has come, it is hers
Whose vitality leaps in the autumn,
Whose nature prefers
Trees without leaves and a fire in the fireplace . . .
Who has left a scent on my life, and left my walls
Dancing over and over with her shadow –
Whose hair is twined in all my waterfalls
And all of London littered with remembered kisses.

Autumn Journal Poem:

Autumn Journal Louis MacNeice, 1943 *Autumn Journal* Louis Macneice, 1943 Autumn Journal Louis MacNeice, 2015-02-05 Written between August and December 1938 Autumn Journal is still considered one of the most valuable and moving testaments of living through the thirties by a young writer It is a record of the author's emotional and intellectual experience during those months the trivia of everyday living set against the events of the world outside the settlement in Munich and slow defeat in Spain *Autumn Journal* Louis MacNeice, 1963 **Louis MacNeice: Autumn Journal** Gesztelyi-Nagy Henriett, 2018 **Autumn Journal** Louis Macneice, 1963 Yeats and Modern Poetry Edna Longley, 2013-11-11 This book from renowned poetry critic Edna Longley presents fresh dynamic perspectives on W B Yeats enduring legacy **Twentieth-Century British and Irish Poetry** Michael O'Neill, Madeleine Callaghan, 2011-01-31 Twentieth Century British and Irish Poetry This authoritative yet accessible book carries the reader deep into the rewards of modern poetry O'Neill and Callaghan combine their own subtly informed accounts of the work of leading poets with judiciously chosen extracts from classic critical studies Broad in scope deep in insight clear in historical exposition and always attentive to the verbal make up of particular poems and imaginative worlds Twentieth Century British Poetry Hardy to Mahon is at once an introduction and a revisitable archive full of sustaining guidance John Kerrigan University of Cambridge Both formally attuned and contextually alert the author editors have here selected passages from the best recent critics and interwoven them with their own informed and illuminating commentary revealing both the innovation of modern poetry and its implication within a diverse range of literary traditions Altogether the book provides an invaluable companion to one of the great ages of poetry in English Seamus Perry Balliol College Oxford Twentieth Century British and Irish Poetry Hardy to Mahon offers an accessible and imaginative guide to the criticism of British and Irish poetry in the twentieth century The editors also supply their own stimulating readings of the poetry Through an insightful narrative which points up the major features of the poets and the chosen excerpts Michael O'Neill and Madeleine Callaghan knit together contributions by major critics including essays by a number of distinguished poet critics such as Geoffrey Hill Andrew Motion and Tom Paulin Featured poets include Hardy Yeats Eliot Owen Lawrence Auden Dylan Thomas Larkin MacDiarmid Stevie Smith Plath Heaney Mahon and many others *Twentieth Century Poetry* Peter Robinson, 2005-01-06 Peter Robinson's third book of literary criticism presents a sequence of chapters exploring ways that selves and situations interact and become imaginatively identified with each other in poems Readings of works by Ezra Pound Basil Bunting Louis MacNeice W S Graham Elizabeth Bishop Allen Curnow Charles Tomlinson Mairi MacInnes Tom Raworth and Roy Fisher share an interest in how poems can be both attached to and detached from the culture society and conditions in which they were written These studies draw out and underline both the ubiquity and elusiveness of the self in the situation of the text The poems studied here are also discussed as focal points for relations between readerly and writerly selves and their situations in and over time

Louis MacNeice Peter McDonald,1991 Since his death in 1963 Louis MacNeice s critical standing has risen steadily This new study addresses the contexts of MacNeice s writings which are of greatest relevance to his place in modern poetry his problematic and still controversial relationship with Ireland and his significance for the understanding of the largely English thirties generation with which he is often identified The influence of these contexts upon the nature of MacNeice s poetic development is studied in detail here together with the important questions of his relation to Yeats and Modernism The book examines MacNeice s conception of parable as key imaginative response to these influences and it includes the first study of the poet s revealing and little known early writings Peter McDonald demonstrates that MacNeice is a central figure in modern Irish and British poetry of greater substantial complexity than is often thought and suggests that his through his work we should see its contexts in a challenging new light

Poetry & Posterity Edna Longley,2000 Edna Longley s latest collection of essays focusses on poetry itself and in particular how poets are read at different times and in different contexts Her essays cover poets such as Edward Thomas MacNeice Larkin Auden Durcan Paulin Mahon and Michael Longley
