*Awakening the Chrysalis* Mary Durant,2003-02-01 In this intimately told story Mary Durant describes her passage through spiritual physical and emotional healing beginning with a nervous breakdown resulting from years of traumatic childhood abuse which had left her devastated Severely psychologically and physically ill and motivated by the intense pain Mary embarks on a phenomenal quest towards wellness This commitment leads Mary to search for justice a controversial choice in 1994 Thrust into the public eye Mary enters the world of activism and becomes co founder to an abuse awareness campaign Although many revere her actions she endures extreme retaliation from others Despite her deep grief she experiences a transformation of the heart a spiritual rebirth and begins a new and joyous existence *Awakening the Chrysalis* has the ability to stir and capture the emotions and enlighten those silenced by the taboo of incest *Forthcoming Books* Rose Army,1999 *American Book Publishing Record* ,2005 *The Chrysalis Awakening Workbook* Asha Prasad,2021-11-20 This is a workbook companion to *The Chrysalis Awakening 5 Questions for Rediscovering Your Purpose and Passion in Uncertain Times* *Chrysalis Crisis* Frank Pasciuti,2019-06-20 Recovering from a life ordeal be it the death of a loved one a divorce loss of a job or a serious physical injury or sickness can sometimes result in personal and spiritual growth When it does Dr Frank Pasciuti calls the transformative experience a Chrysalis Crisis If properly managed these kinds of crises can result in increased physical emotional intellectual social and moral development Using stories from his clients and his personal life Dr Pasciuti shows how a Chrysalis Crisis can prompt growth in ten key areas of human functioning It can awaken our very real capacity for psychic abilities and deeply enhance our spiritual lives This book offers a model of human development that enables everyone not just those in crises to transform their lives and create for themselves an increased sense of peace happiness and well being **Chrysalis** Luna Leigh,2019-07 As a small child I had experiences that led me to believe that there was more to this earthly existence than accomplishing mundane tasks in an ordinary way When I grew older I was very curious and I started to explore the many dreams and insights I had throughout my childhood I had many intuitive flashes and a knowing of things to come I thought everyone had intuitive instances and didn't think that they were special in any way When I was sixteen my curiosity peaked and I started the journey into spirituality with resistance from my family and friends I knew that my experiences were very real and that to ignore them would be to surrender to mass consciousness and deny who I am Stubbornly I persisted in going my own way and explored my own personal belief system that resonated within Exploring any opportunity to improve and grow I went to classes and seminars and I learned many holistic modalities which included Reiki reflexology and massage I also attended spiritual gatherings drumming circles and traveled to sacred sites In my travels I met many like minded people who wrote books about their own spiritual paths As I read these books I discovered they had similar experiences and I began to understand the incidents that permeated my memories These authors put a name to what I thought were dreams validated them and made them real I grew to admire

their courage and convictions I wanted to be that *When Spirit Leaps* Bonnie L. Greenwell,2018 Written by a transpersonal psychologist and non dual teacher *When Spirit Leaps* will help readers understand spiritual awakening and how it occurs across all traditions offering companionship and practical solutions to challenges along their own spiritual paths With this book based on over thirty years of case studies readers will learn about the process and different portals of awakening and find support in the real life stories of those who have experienced this shift in consciousness and being

*Healing Through Awakening* Mica Akullian,2015-12-24 What if you were reborn in this moment completely free from the voice of fear negativity or doubt And what if instead you found yourself filled with deep love joy and gratitude for all of life How would you create your life from this place of freedom and happiness How would you experience yourself and life from this feeling of unconditional love The keys to awakening this heavenly realm within are available to everyone but require a journey inward to the most essential part of yourself your heart and soul Though it requires effort to embark on this path of awakening it is not the effort of doing more or trying to become something greater than what you already are Instead it is the effort of letting go letting go of fear and letting go of the false self that has been constructed in the mind over the course of a lifetime The path to spiritual liberation requires honest self reflection inward investigation and a desire to know the truth of who you are beyond the limitations of your mind emotions and body Our purpose on the planet is to remember and reawaken to the truth of who we are that of unconditional love peace and joy The loving energy that we are is ever changing evolving and expanding and cannot fully be grasped nor contained within the limited confines of the mind The suffering that many people experience in life and the collective dysfunction perpetuating much of the pain and destruction on the planet at this time is the result of a deep forgetfulness of our Being of who we are in our essence This is my story of stepping out of the mind made reality of the ego and directly experiencing the greater reality existing within and all around us This is a story of the magic grace and healing that has accompanied my awakening process uncovering more of my true nature The first part of the book is my personal journey while the following chapters serve as a guide for the awakening and healing journey for anyone who desires to live in greater connection and happiness Though the scope of this book may seem ambitious covering such a wide array of topics relating to the mind emotions and body I feel that this is the most balanced approach to spiritual awakening The reason is that the journey of awakening and healing is truly a holistic process where each part of our human experience profoundly effects and shapes all other parts of the self By learning to integrate back into wholeness on every level we grow and evolve in a balanced way The holistic approach also creates a solid foundation to begin creating a new reality for oneself a reality that is filled with infinite potential for peace happiness and well being May these words inspire and awaken the memory more fully within you of a greater reality and of your true nature *Awakening Through the Veils* Ric Weinman,2013-06-05 *Awakening through the Veils* takes the reader step by step through the mysterious process of awakening For most seekers it will be a direct and practical guide towards an actual awakening For those already awake it

will help to deepen them from where they are now During the last ten years I have had the privilege of following Ric s awakening path and it has produced a huge transformation in me I have worked on my inner constraints freeing the issues that caused me great fear and suffering Through Ric s guidance I have been able to walk step by step on a road that leads to awakening to our true nature creating a life with more freedom and openness It has been a journey from the shadows to the light I am completely sure that as you read this book and put your consciousness into it you will have the same wonderful experience

Santiago Ardissonne President of the Columbia Foundation on Consciousness and Energy Of all the teachers guides and masters who I have met in my forty years of seeking spiritual fulfillment Ric Weinman has the ability to map not only consciousness but that most elusive of qualities awakening VortexHealing provides a path that anyone can tread to that end What more can you ask I thoroughly recommend the VortexHealing path Ric and this great book he has written
