Autumn Gold:

Mission Studies, 1919 **Color Meditation** Kees Veenman, 2024-04-23 Is there also such a thing as the essence of color For me the essence is the spiritual aspect that lives in color Making this spiritual aspect accessible is the purpose of this book Kees Veenman We are all familiar with the world of color but can we learn to experience color more intensely Can we learn to penetrate colors in a more profound way This book takes the reader into the activity of the colors of the spectrum by investigating them meditatively The author explains aspects of color phenomenology and prepares the reader for color meditations including some that he has incorporated into his own personal practices Kees Veenman a phenomenologist who specializes in colors begins by observing the spring gold and the autumn gold of trees before introducing the phenomenological method whereby his research connects with Goethe's theory of color and that of Rudolf Steiner Using numerous examples and experiments Veenman guides the reader toward the dynamics and essence of colors describing his research into the nature of colors along with fresh questions that help us penetrate the world of colors ever more deeply The author also considers light therapy and the relationship of colors to the seasons as well as to fairytales The reader is encouraged to meditate with and in colors to discover and experience among other things consciousness of Christ All of this is presented with clear descriptions supplemented with color images Color Meditation is for those who want to appreciate the phenomena and wonders the being of color more deeply and fully understand how color can enrich one's soul and spiritual activity The correspondence between the emergence and effect of a color outside us and the appearance within us is found in the polarity between light and darkness Light is a symbol of clear day consciousness whereas darkness represents the impenetrability of the will Here we come to the intimate relationship between the world of colors and that of human consciousness with its active and passive side Christine Gruwez foreword Translated by Laura Liska from Kleurmeditatie Uitgeverij Pentagon Amsterdam 2015 Cover image by Beppe Assenza 1905 1985 Eklipse watercolor 23 5 x 20 5 in **Citrus Production Manual** Louise Ferguson, Elizabeth Elliot Grafton-Cardwell, 2014-04-09 Citrus production is complex requiring a delicate balancing act during the growing season and lots of preparation This new manual covers the many steps in the process in a clear and accessible way This manual also details the latest horticultural and disease issues affecting citrus production From deciding scion variety and rootstock to establishing an orchard to managing production to postharvest handling you'll find it all here in a readable format Colorful photos and clear diagrams and illustrations guide you through important concepts Chapters cover History Botany and Physiology Orchard Establishment Pest and Disease Management Postharvest Handling **The Department of Defense's Inquiry Into Project 112/Shipboard Hazard and Defense (SHAD) Tests** United States.
