Politics of the Islamic Tradition Mohammed Moussa, 2015-10-05 Over the last two centuries the Muslim world has undergone dramatic transformations impacting the Islamic tradition and throwing into question our understanding of tradition The notion of tradition as an unmoving edifice is contradicted by the very process of its transmission and the

complex role human beings play in creating and sustaining traditions is evident in the indigenous mechanisms of change within the Islamic tradition Politics of the Islamic Tradition locates the work of Egyptian cleric Muhammad al Ghazali within the context of this dynamic Islamic tradition with special focus on his political thought Al Ghazali inherited a vast and diverse heritage which he managed to reinterpret in a changing world An innovative exploration of the change and continuity present within Muslim discourses this book brings together disparate threads of the Islamic tradition religious exegesis the contemporary Arab Middle East the Islamic state and idea of renewal in al Ghazali s thought As well as being one of the first complete treatments of al Ghazali s works this book provides an original critical approach to tradition and its capability for innovation and change countering the dichotomy between tradition and modernity that typically informs most scholarly studies on contemporary Islam Offering highly original insights into Islamic thought and engaging with critical notions of tradition this book is essential reading for students and scholars of Islamic Politics and History *Ibn Al-Arabi's Fusus Al-Hikam* Binyamin Abrahamov,2015-03-24 Ibn al Arabi s *Fusus al Hikam* is a translation of one of the most important works written on Islamic Mysticism Muhyi al Din Ibn al Arabi 1165 1240 is deemed the greatest mystic of Islam and his mystical philosophy has attracted the attention of both Muslims and non Muslims from his time to the present day Believing that the world is the self manifestation of God he claimed that all religions are equal and that the perfect human being is he who knows all the religious phenomena in the world *Fusus al hikam* examines the singular characteristics of twenty seven prophets of Islam and constitutes the best summary of Ibn al Arabi s thought The translation of these twenty seven chapters is preceded by an introduction that explains the main ideas of Ibn al Arabi and is accompanied by explanatory notes to the text Providing an easily accessible translation of one of the greatest mystics of Islam Ibn al Arabi *Fusus al Hikam* is essential reading for students scholars and researchers of Islamic Philosophy Mysticism and Islamic Mysticism in particular The Self-Disclosure of God William C. Chittick,2015-03-26 *The Self Disclosure of God* offers the most detailed presentation to date in any Western language of the basic teachings of Islam s greatest mystical philosopher and theologian It represents a major step forward in making available to the Western reading public the enormous riches of Islamic teachings in the fields of cosmology mystical philosophy theology and spirituality *The Self Disclosure of God* continues the author s investigations of the world view of Ibn al Arab the greatest theoretician of Sufism and the seal of the Muhammadan saints The book is divided into three parts dealing with the relation between God and the cosmos the structure of the cosmos and the nature of the human soul A long introduction orients the reader and discusses a few of the difficulties faced by Ibn al Arab s interpreters Like Chittick s earlier work *The Sufi Path of Knowledge* this book is based primarily on Ibn al Arab s monumental work *al Fut t al Makk yah* *The Meccan Openings* More than one hundred complete chapters and subsections are translated not to mention shorter passages that help put the longer discussions in context There are detailed indices of sources Koranic verses and hadiths The book s index of technical terminology will be an indispensable reference for all those wishing to delve more
