**CONFEDERATE PORTRAITS** Gamaliel 1863-1932 Bradford,2016-09-10      **Confederate Portraits (Classic Reprint)** Gamaliel Bradford, Jr.,2015-07-02 Excerpt from *Confederate Portraits* What has impressed me most in revising these portraits is their lack of finality Nous sommes des etres mobiles et nous jugeons des etres mobiles No two men will take the same view of another man Traits which seem most significant to some to others seem negligible Some will overlook a little vice for a great virtue while to others the little vice makes even the great virtue an object of suspicion Again one may seize justly yet be led away in the presentation It is difficult to give various qualities their exact proportion and emphasis One may stress a marked trait too strongly and so make it too marked and spoil that balance which is everywhere essential to the truth of nature One may establish one's portrait in a tone which is not perfectly suited to the temper of the subject Thus the portraits here given of Johnston and of Stuart are keyed quite differently I cannot see the two men otherwise But others may feel that I have struck a false note in one case or in the other or in both This difficulty or impossibility of attaining anything final may make psychography seem a useless and unprofitable art Such it would be if finality were its object It is not The psychographer does not attempt to say the complete and permanent word about any of his subjects About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections
