Confessing Conscience Churched Women On Abortion:

Confessing Conscience Phyllis Tickle, 1990 Here is a moving collection of letters by women in a variety of Christian traditions who were asked to respond to this question Imagine that you are writing for your grandchildren or for young persons who will come of age in thirty years What would you want them to know about how the abortion controversy influenced your life and practice as a believing Christian in 1990 *Pro-Life Pulpit* Stephen Tu, 2011-05-23 Over one million unborn children are intentionally aborted every year in North America Voiceless and helpless their blood cries out Will those of us who serve as pastors and preachers respond from our pulpits Silence is not an option We cannot keep quiet while thousands of our neighbors made in the image of God are being led to the slaughter every day But neither should we condemn and vilify those who are complicit in their deaths A truly pro life pulpit ministry opposes the injustice of abortion with truth courage and understanding Tears mingled with hope overflowing with grace After all the Christian faith is rooted in the good news of a Messiah who was once an embryo Nine months before he was born Jesus was conceived by the Holy Spirit and for the next forty weeks he lived and grew in the womb of an unwed teenaged mother He is at the heart of our preaching and this book will show you how to confront the sin of abortion by proclaiming the God who became abortable in order to save sinners Passion and Reason Grace D. Cumming Long, 1993-01-01 This book provides readers with a Christian ethics from the perspective of women's experience rooted in passion and reason emotion and research Through a collage of autobiographical narratives and feminist theologies Cumming Long constructs an unconventional approach to moral questioning using the domestic arts to find creative ways to respond to the social crises of our day **Phyllis Tickle** Jon M. Sweeney, 2018-02 This collection of Tickle's writings will be a revelation to her newer readers and a treasure for those who have long admired and followed her work **The Abortion Debate in the United States and Canada** Maureen Muldoon, 2021-03-19 First published in 1991 Over the last twenty five years or so the debate on abortion has not moved any closer to resolution in either the United States or Canada The courts the legislatures the pulpits the classrooms the hospitals and clinics and the media have provided the forums for this on going struggle Two groups of activists have dominated the debate The opponents of abortion who are referred to as anti abortion or pro life advocate restrictive policies on abortion while the pro choice groups direct their attempts to creating a permissive policy that allows a woman to make her own decision The anti abortion advocates and the pro choice advocates alike have learned the skills and developed the strategies to advance their own positions Whatever legal and public policy gains are made by one side are often countered by moves from their opponents There is available a vast amount of material related to the topic of abortion From the extensive and diverse literature this book draws a collection of relevant materials primarily representing aspects of the sociological philosophical religious and legal aspects of the abortion issue Its purpose is to serve as a source book for those interested in seeing how the abortion debate has been conducted within the recent past The book also serves as a reference work for
