Awakening The Awareness Within:

Awakening The Awareness Within Chiara Tino, 2019-05-18 This book speaks about Universal guidance and the many ways that signs and the answers to life questions can show up. It includes personal experiences of how the guidance has appeared be it through sight, sound, dreams and Meditation. The book also shares the importance of BREATH along with various exercises which enable the reader to live more in the present. There are a world of benefits to living this way. It awakens a sensitivity to everything around us as well as accessing more peace and calm on a daily basis. Being present gives us insights to things we don't easily have when caught up in the day to day stresses. This book gives you easy and sure ways to awaken to the fact that we are not alone, helps to empower us to living our dreams and reminds us that life is a truly fun and wonderful ride.

Awakening Through the Veils Ric Weinman, 2013-06-05 Awakening through the Veils takes the reader step by step through the mysterious process of awakening. For most seekers it will be a direct and practical guide towards an actual awakening. For those already awake it will help to deepen them from where they are now. During the last ten years I have had the privilege of following Ric's awakening path and it has produced a huge transformation in me. I have worked on my inner constraints, freeing the issues that caused me great fear and suffering. Through Ric's guidance I have been able to walk step by step on a road that leads to awakening to our true nature, creating a life with more freedom and openness. It has been a journey from the shadows to the light. I am completely sure that as you read this book and put your consciousness into it, you will have the same wonderful experience.

Santiago Ardisson, President of the Columbia Foundation on Consciousness and Energy. Of all the teachers, guides and masters who I have met in my forty years of seeking spiritual fulfillment, Ric Weinman has the ability to map not only consciousness but that most elusive of qualities, awakening.

VortexHealing provides a path that anyone can tread to that end. What more can you ask? I thoroughly recommend the VortexHealing path. Ric and this great book he has written.
