*A Concise Dictionary of Existentialism* Ralph Bubrigh Winn, 1960 Existentialism is one of the most controversial contemporary philosophies simply because its five principal spokesmen Jaspers Marcel Heidegger Sartre and De Beauvoir have never been in agreement among themselves Yet they are all children not only of the lonely Dane Soren Kierkegaard who sought passionately to reconcile his personal doubts with the Bible but of our age of insecurity and of two lands painfully devastated during two world wars This dictionary aims to present a clearer picture of what the Existentialists speaking for themselves have to say on a wide variety of topics which are of equal importance to the rest of us Publisher [A Concise Dictionary of Existentialism](#) Ralph Bubrigh Winn, 1960 [Futilitarians](#) Anne Gisleson, 2017-08-22 A memoir of friendship and literature chronicling a search for meaning and comfort in great books and a beautiful path out of grief Anne Gisleson had lost her twin sisters had been forced to flee her home during Hurricane Katrina and had witnessed cancer take her beloved father Before she met her husband Brad he had suffered his own trauma losing his partner and the mother of his son to cancer in her young thirties How do we keep moving forward Anne asks amid all this loss and threat The answer We do it together Anne and Brad in the midst of forging their happiness found that their friends had been suffering their own losses and crises as well loved ones gone rocky marriages tricky child rearing jobs lost or gained financial insecurities or unexpected windfalls Together these resilient New Orleanians formed what they called the Existential Crisis Reading Group which they jokingly dubbed The Futilitarians From Epicurus to Tolstoy from Cheever to Amis to Lispector each month they read and talked about identity parenting love mortality and life in post Katrina New Orleans In the year after her father s death these living room gatherings provided a sustenance Anne craved fortifying her and helping her blaze a trail out of her well worn grief More than that this fellowship allowed her finally to commune with her sisters on the page and to tell the story of her family that had remained long untold Written with wisdom soul and a playful sense of humor The Futilitarians is a guide to living curiously and fully and a testament to the way that even from the toughest soil of sorrow beauty and wonder can bloom *Kierkegaard's International Reception: The Near East, Asia, Australia and the Americas* Jon Stewart, 2008-06-01 Although Kierkegaard s reception was initially more or less limited to Scandinavia it has for a long time now been a highly international affair As his writings became translated into the different languages his reputation spread and he became read more and more by people increasingly distant from his native Denmark While in Scandinavia the attack on the Church in the last years of his life became something of a cause c l bre later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders As his reputation grew he was co opted by a number of different philosophical and religious movements in different contexts throughout the world The three tomes of the present volume attempt to record the history of this reception according to national and linguistic categories Tome III is the most geographically diverse covering the Near East Asia Australia and the Americas The section on

*Dictionary of Existentialism* Haim Gordon,2013-10-31 Existentialism as a philosophy gained prominence after World War II Instead of focusing upon a particular aspect of human existence existentialists argued that our focus must be upon the whole being as he she exists in the world Rebellng against the rationalism of such philosophers as Descartes and Hegel existentialists reject the emphasis placed on man as primarily a thinking being Freedom is central to human existence and human relations and encounters cannot be reduced simply to thinking This Dictionary provides through alphabetically arranged entries overviews of the various tenets philosophers and writers of existentialism and of those writers philosophers who in retrospect seem to existentialists to espouse their philosophy Nietzsche Kierkegaard Dostoyevski et al [Journal of Existentialism](#) ,1963 **A concise dictionary of the English language (based on Ogilvie's Imperial dictionary).** Charles Annandale,1892 **Existentialism and Phenomenology** Leonard Orr,1978 The compiling of a bibliography requires both a thorough knowledge of the subject and the ability to discriminate effectively Success depends as much on the clear definition of focus as on the evaluation of the texts considered Orr succeeds on each count thereby rendering an invaluable service to students and scholars alike Particularly interesting is the inclusion of works devoted to the

interrelatedness of existentialism and the political and social sciences And extremely helpful are the notations referring the researcher to sections of a work either of particular significance or pertinent to a specific point of view An excellent introduction emphasizes the movement away from the fundamental ontological concerns of existential thought Orr s effort to resituate the research within the original dimensions of existentialism and phenomenology as exploratory processes as opposed to intellectual systems is most commendable FRENCH REVIEW The Publishers Weekly ,1972 *The Concise Oxford Dictionary of Current English* Henry Watson Fowler,Francis George Fowler,1928 *The Concise Oxford Dictionary of Current English* Francis George Fowler,1919 *The Concise Oxford Dictionary of Current English* ,1917 **Journal of Existential Psychiatry** ,1963 **Education as Existential Possibility** Gari Lesnoff-Caravaglia,1972 *Dictionary Catalog of the University Library, 1919-1962* University of California, Los Angeles.
