William Morrison Robinson

Confederate Privateers:

The Confederate Privateers William Morrison Robinson, 1928 *The Confederate privateers* is a book of action and adventure filled with stories of the Confederacy's privately armed ships and their sea battles with the Union. Called pirates by the North, the South preferred to call them gentlemen adventurers, justly boasting of their exploits. Using Naval War records and other archives, the author provides readers with an authentic description of the privateers, their cruises, and prizes, their successes and failures, and their ultimate fates. In fact, this is the first narrative history of privateer cruises aboard the Jefferson Davis, the Dixie, the Sally, and the pygmy submarine Pioneer.

The Confederate Privateers William Morrison Robinson, 1994 **The Last of the Confederate Privateers** David Hay, Joan Frances Douulton Hay, 1977 [The Militia of the Seas](#) Valerie Samantha Buford, 2000 This thesis presents a survey of the Confederate privateers, providing descriptions of the vessels and their careers. In addition to biographies of each privateer, the study includes transcriptions of the original documents from which many of the statistics are obtained.

History of the Confederate States navy from its organization ... John Thomas Scharf, 1894 **History of the Confederate States Navy from Its Organization to the Surrender of Its Last Vessel** John Thomas Scharf, 1887 *The Union, the Confederacy, and the Atlantic Rim* Robert E. May, 2013-09-03 From French intervention in Mexico to British interests in the Caribbean, the impact of the Civil War extended far beyond military campaigns in Virginia, diffusing widely into the Atlantic world. Revised to take into account the outpouring of scholarship on Civil War diplomacy that has appeared since the book was first published, *The Union, the Confederacy, and the Atlantic Rim* features essays by acclaimed historians Howard Jones, R. J. M. Blackett, Thomas Schoonover, and James M. McPherson.

History of the Confederate States Navy John Thomas Scharf, 1894 **Confederate Privateers (1861)**, 1960 *Naval Strategy During The American Civil War* Col. David J. Murphy USAF, 2015-11-06 The objective of the research project is to examine how the Union and Confederate naval strategies and new naval technologies affected the conduct of the American Civil War. With regard to the Union Navy's strategy, the effectiveness of the blockade, Western River Campaign, and amphibious operations were examined. Discussions on the Union blockade also touch on the effectiveness of Confederate blockade runners. The Confederate strategies of using privateers and commerce raiders are examined. Confederate coastal and river defenses are examined within the context of new technology, specifically with respect to ironclad ships and the use of mines, torpedoes, and submarines. The paper shows how naval strategy did play a major role in the outcome of the Civil War. Although it cannot be said that naval strategies were singularly decisive, they certainly were vitally important and often overlooked in history books.

The Confederacy on Trial Mark A. Weitz, 2005 Hazards and costs to other persons are of no concern to the lawyer who must not regard alarm the torments, the destruction which he may bring others. He must go on reckless of the consequences, though it may be his unhappy fate to involve his country in the confusion. Lord Brougham *P v*

Research Guide Thomas Truxtun Moebs,1991 This research guide has two purposes First it provides the user with the most comprehensive single volume body of information on the Confederate States Navy Second it directs the user to a huge number of sources from which he or she can flesh out information in the guide **American Civil War** Spencer C. Tucker,2013-09-30 This expansive multivolume reference work provides a broad multidisciplinary examination of the Civil War period ranging from pre Civil War developments and catalysts such as the Mexican American War to the rebuilding of the war torn nation during Reconstruction The Civil War was undoubtedly the most important and seminal event in 19th century American history Students who understand the Civil War have a better grasp of the central dilemmas in the American historical narrative states rights versus federalism freedom versus slavery the role of the military establishment the extent of presidential powers and individual rights versus collective rights Many of these dilemmas continue to shape modern society and politics This comprehensive work facilitates both detailed reading and quick referencing for readers from the high school level to senior scholars in the field The exhaustive coverage of this encyclopedia includes all significant battles and skirmishes important figures both civilian and military weapons government relations with Native Americans and a plethora of social political cultural military and economic developments The entries also address the many events that led to the conflict the international diplomacy of the war the rise of the Republican Party and the growing crisis and stalemate in American politics slavery and its impact on the nation as a whole the secession crisis the emergence of the total war concept and the complex challenges of the aftermath of the conflict **The Civil War Naval Encyclopedia** Spencer C. Tucker,2010-12-09 Long overlooked in favor of land engagements this is the first encyclopedia to analyze the naval aspects of the American Civil War The brilliance of both sides secretaries of the navy Stephen Mallory and Gideon Welles The Dahlgren guns of the Union forces and the Confederate Navy s Brooke guns that were essential in battles involving ironclad ships The significant contributions of African Americans in the ship crews of the U S Navy during the Civic War These are examples of the fascinating details contained in The Civil War Naval Encyclopedia that provide readers with a complete understanding of the naval aspects of the American Civil War The entries in this sweeping text provide comprehensive treatment of overall strategies on each side the role of diplomacy leading naval officers and other personalities battles and important engagements ship types well known individual warships naval ordnance and weapons systems and new developments such as mines and submarines Topics such as shipboard life major waterways prominent seaports and the role of logistics in determining the outcome of the war are also covered The Photographic History of the Civil War: The navies Francis Trevelyan Miller,Robert Sampson Lanier,1911 The Rest I Will Kill Brian McGinty,2016-08-16 A surprising work of narrative history and detection that illuminates one of the most daring and long forgotten heroes of the Civil War Independence Day 1861 The schooner S J Waring sets sail from New York on a routine voyage to South America Seventeen days later it limps back into New York s frenzied harbor with the ship s black steward William Tillman at the helm While the

story of that ill fated voyage is one of the most harrowing tales of captivity and survival on the high seas it has almost unbelievably been lost to history Now reclaiming Tillman as the real American hero he was historian Brian McGinty dramatically returns readers to that riotous explosive summer of 1861 when the country was tearing apart at the seams and the Union army was in near shambles following a humiliating defeat at the First Battle of Bull Run Desperate for good news the North was soon riveted by reports of an incident that occurred a few hundred miles off the coast of New York where the Waring had been overtaken by a marauding crew of Confederate privateers While the white sailors became chummy with their Southern captors free black man William Tillman was perfectly aware of the fate that awaited him in the ruthless slave filled ports south of the Mason Dixon Line Stealthily biding his time until a moonlit night nine days after the capture Tillman single handedly killed three officers of the privateer crew then took the wheel and pointed it home Yet with no experience as a navigator only one other helper and a war torn Atlantic seaboard to contend with his struggle had just begun It took five perilous days at sea all thrillingly recounted here before the Waring returned to New York Harbor where the story of Tillman s shipboard courage became such a tabloid sensation that he was not only put on the bill of Barnum s American Museum but also proclaimed to be the first hero of the Civil War As McGinty evocatively shows however in the horrors of the war then engulfing the nation memories of his heroism even of his identity were all but lost to history As such *The Rest I Will Kill* becomes a thrilling and historically significant work as well as an extraordinary journey that recounts how a free black man was able to defy efforts to make him a slave and become an unlikely glimmer of hope for a disheartened Union army in the war battered North

Pirates, Privateers, & Rebel Raiders of the Carolina Coast Lindley S. Butler,2000 Butler offers engaging biographical portraits of some of the most famous pirates privateers and naval raiders to ply the Carolina waters Covering 150 years he sketches the lives of eight intriguing characters Penetrating the myths surrounding these legendary figures he uncovers the compelling true stories of their lives and adventures 32 illustrations 6 maps notes bibliography index

World Atlas of Pirates Angus Konstam,2009-10-01 By combining stunning cartography with engaging and authoritative text *The World Atlas of Pirates* presents the story of piracy in a completely new way Eighty maps plot the routes that pirates followed whether crossing the world s great oceans or pursuing their prey through creeks and bays Colorful archive illustrations including photographs and images from England s National Maritime Museum and other historic collections bring the villains their ships and their victims to life Lively accessible text by pirate expert Angus Konstam explains how piracy grew and flourished from the early buccaneers to the rogues of popular legends how it has been snuffed out and how it has reared its head again with the machine gun toting pirates operating on today s high seas

The youth's history of the United States Edward Sylvester Ellis,1887
