Break The Chains Of Injustice:

Kissed the Girls and Made Them Cry Workbook Lisa Bevere, 2004-10-18 Women are admitting promiscuity isn't really getting them what they wanted after all because as women we always stand to lose so much more than men when we give in. Men love adventure and intrigue while women crave intimacy, romance, and passion. We were created for so much more than a sexual outlet for men and as women we want and deserve more than just sexual release for ourselves. In this fun and interactive companion to Kissed the Girls and Made Them Cry Lisa Bevere helps women of all ages, youth and adult, to look at abstinence from a healthy life-giving, exciting point of view. Through letters, prayers, questions to answer, and even movies, readers will discover they can gain the freedom to reclaim the dreams they have lost. God wants us to walk in purity to realize and live the dreams He has for us and we have for ourselves. It is time to restore dignity, honor, strength, and yes, even power to generations of women young and old who are no longer willing to lose.

It's Complicated Jack Haberer, 2016-03-25 In this easy-to-read book, pastor Jack Haberer helps you seek God's will for your life. You'll move from deep theological considerations to street-level daily life practicalities, and you'll learn to chart a course through life's complexities guided by the Scriptures in the company of the church. My only complaint is that it wasn't available thirty years ago. Brian D. McLaren, author, speaker, and activist Jack Haberer's It's Complicated helps Christians figure out what to do when life gets complicated and the distinctions between good and bad are not so clear. Using Bible passages as a guide, Haberer affirms and then challenges many closely held beliefs, making traditional distinctions between conservative and liberal Christians obsolete. It's Complicated harks back to Joseph Fletcher's twentieth-century classic Situation Ethics Westminster John Knox Press and gives readers a toolkit for Christian decision-making in a variety of complex situations. The book provides a framework for readers to reference when they're confronting moral dilemmas in their own lives, what Haberer calls doing ethics by spreadsheet.

To Beijing and Beyond Janice Auth, 1998-05-15 The focus at the 1995 United Nations Fourth World Conference on Women in Beijing was equality, development, and peace, with subthemes of health, education, and employment. The collected stories and impressions of these forty-three women and men—college presidents, students, teachers, home makers, retirees, writers, clergy, and entrepreneurs—reflect the region's racial, religious, ethnic, and economic diversity and document their remarkable initiative, energy, and vision. This is essential reading for anyone who wants to know what really happened and what they can do now.

Faith at the Frontiers of Knowledge Kenneth R. Ross, 1998 Unity of knowledge is not easily achieved in today's Africa where often there is little conscious interaction between traditional beliefs, Christian faith, and

modern secularity The challenge is taken up in this book as scholars from a variety of disciplines wrestle with the relation of faith and science at the frontiers of knowledge The results are important alike for the integrity of faith for scientific advance and for the attainment of creative cultural unity in society Readers with such concerns at heart will find much food for thought as they traverse the broad frontiers explored in these wide ranging essays

Marriage, as it Was, as it Is, and as it Should be Annie Besant, 1882

Man and the Masses (Masse Mensch) Ernst Toller, 1924 Set during wartime this play shows a workers committee deciding to strike to enforce peace and secure a fair society Sonja Irene wife of a disapproving bourgeois has joined the committee and finds her strike call disputed by an anonymous opponent who insists that the utopia of lasting peace and social justice can only come through violent revolution She is unable to prevent violence and the subsequent shooting of an enemy soldier She is captured in the ensuing battle refuses help from her husband and from her anonymous former opponent because she would have to kill a warden to escape and is executed This reveals in Richard Dove's words the strong vein of determinism increasingly evident in Toller's work The play is written as a vision containing real and dream scenes in which the banality of real life situations is contrasted with the utopia of a new society to come The problems of the political resolve needed for mass action are examined dialectically through the central character who is portrayed both as a real life person and as an abstract figure All the central oppositions remain unresolved with the reality of revolution in conflict with noble ideals expressed in abstract argument Moral principle is set against revolutionary expediency and expressed in a clash between ethical socialism and applied Marxism The individual here has to show the way the mass can only achieve ethical freedom through an act of limited violence Despite many Expressionist features the involvement with political argument lifts the play beyond propaganda and ideology The central figure becomes a new woman and combines a hard headed understanding of her companions with a vision for the future what when how come
