Bridge Basics Mary A. McVey, 1982-12

Bridge's Strangest Hands Andrew Ward, 2015-03-05. This collection of oddities shows how Contract Bridge has played its part in embezzlement, murder, suicide, kidnapping, imprisonment, and battle. The stories feature similar hands to those of bridge: the complete misfit, the two-way slam, and men against women. While others like Thirteen Spades and The Raspberry Jam Conundrum are closer to fantasy, adaptations of the game such as Null Bridge and Egdarb are also included. Every hand in this book is a winner. Unless, of course, you were the player who was dealt thirteen hearts but bid diamonds by mistake.

Research Anthology on Developments in Gamification and Game-Based Learning Management Association, Information Resources, 2021-11-26. Technology has increasingly become utilized in classroom settings in order to allow students to enhance their experiences and understanding. Among such technologies that are being implemented into course work are game-based learning programs. Introducing game-based learning into the classroom can help to improve students' communication and teamwork skills and build more meaningful connections to the subject matter. While this growing field has numerous benefits for education at all levels, it is important to understand and acknowledge the current best practices of gamification and game-based learning and better learn how they are correctly implemented in all areas of education. The Research Anthology on Developments in Gamification and Game-Based Learning is a comprehensive reference source that considers all aspects of gamification and game-based learning in an educational context, including the benefits, difficulties, opportunities, and future directions. Covering a wide range of topics, including game concepts, mobile learning, educational games, and learning processes, it is an ideal resource for academicians, researchers, curricula developers, instructional designers, technologists, IT specialists, education professionals, administrators, software designers, students, and stakeholders in all levels of education.
