Cracking The Bible Code:

Cracking the Bible Code Jeffrey Satinover, 1997-10-08 Cracking the Bible Code is the true account of the most amazing scientific research ever undertaken. References to important names, dates, and historical events have been found encoded in the book of Genesis. No individual could have known this information from what grew in the garden of Eden to details of the Gulf War. Mystics and sages have long held that these codes existed, proving God's direct hand in all that was and is to be. Incredible! Yes! But some of today's greatest scientific minds have been unable as yet to disprove the codes. If the codes are genuine, they will forever change our view of God, faith, and our fate. Cracking the Bible Code explores the extraordinary possibilities and the furor surrounding the codes in a riveting story that is equal parts holy quest, Byzantine intrigue, and cutting edge science.

Bible Code Bombshell R. Edwin Sherman, 2005 Explosive evidence that Bible codes point to the life of Christ. When Ed Sherman, a mathematician with 30 years of experience, and Nathan Jacobi, an Israeli physicist, set out to debunk claims that there were mysterious codes in the Hebrew Old Testament, they could not have envisioned the startling conclusions they would reach. As Dr. Jacobi, an agnostic Jew, looked for lengthy Hebrew codes about Christ, repeatedly he discovered compelling excerpts from the life of the man from Nazareth. Time and again, Dr. Jacobi found that one or two word codes were actually part of much longer encoded sentences that echoed the Gospel accounts. Moreover, these encoded sentences were extensively embedded in two passages most widely regarded as prophecies of the crucifixion of Christ: Isaiah 53 and Psalms 22. Bible Code Bombshell sets forth startling new evidence that code sequences in Scripture are irrefutable evidence of a Divine hand. In this highly readable book, Sherman offers both skeptics and believers a gold mine of information that will prompt much thinking about the origins of the Bible. Unlike other Bible code books, this unique book features codes that are phrases and sentences, and not just one or two word codes. The only code book by researchers that are internationally recognized mathematicians and statistical experts. Responds directly and accurately to Bible code critics.

Who Wrote the Bible Code? Randall Scott Ingermanson, 1999 What is the truth about the Bible code? How can you decide what to believe? Why does it matter? Around the world, men and women are captivated by a theory so incredible that if proven true, it would forever revolutionize mankind's view of Scripture. Some experts have claimed the Bible contains a code that accurately predicts today's events. Others renounce the Bible code theory as unfounded. Using a new statistical test that promises to provide an authoritative, credible answer to the Bible code debate, computational physicist Dr. Randall Ingermanson leads you on an easily understandable, meticulously planned investigation of the evidence at hand, addressing the most urgent questions surrounding the Bible code controversy, and carefully examining how recent findings could affect your faith.

Cracking the Code Donald R. Congdon, 1997 Fingerprints of the Holy Spirit Alisa K. Brown, 2015-09-10 This book asks some of the deeper questions about the Christian faith and beliefs. The Bible answers for us such questions as: Is Christian rock music evil? Will the Jews finally rebuild their temple? And what is CERN doing that scares physicist Stephen

Steve Canada, 2014-04-29 Celebrities and movie stars like everyone else die from a variety of causes including diseases Vol 1 of this book and cancers Vol 2 of this book When we ask if such causes of death are found encoded in the Torah along with the encoded names of who died from them we find them all close together in one Torah Matrix from Gen 1 1 to 1 Samuel 10 17 For those uninitiated into the Bible Code mystery this might sound outlandish and impossible but viewing the many Torah Matrices in this book labeled clearly in black and white as secretly encoded facts staring us in the face might give pause to even the biggest skeptic Volume 3 of this book will show the Torah Bible Code Matrices of celebrities and movie stars deaths by accidents murders overdoses and suicides their names found encoded in the Five Books of Moses some with the year and location of their death as another e book through Author House later in 2014 Thousands of similar results have been found by the author covering many sorts of historical events ranging from the names of victims of natural disasters e g Fukushima ships sinking e g Titanic planes and trains and cars crashing e g James Dean assassinations worldwide over 4000 years e g an Egyptian pharaoh JFK and John Lennon Nazi Holocaust mass shootings Aurora Columbine Tucson etc terror attacks Benghazi Boston Marathon Fort Hood 9 11 and war casualties e g Vietnam Gulf War Iraq Afghanistan Even though there are only about 50 or fewer personalities identified by name in each of these three volumes and shown encoded with how and where they died each Volume could be expanded to hold many thousands of names and pages one name per page of Matrix revealing those Torah held secrets hidden for about 3400 years and revealed here to the world for the first time in recorded history **When the Great Abyss Opened** J. David Pleins, 2003 The story of Noah s flood is one of the best loved and most often retold biblical tales the inspiration for numerous children s books and toys novels and even films Whether as allusion archetype or literal presence the American landscape is peppered with recreations of the ark the story of Noah s animals and the ark resonates throughout American culture and the world While most think of Noah s ark as a dramatic myth others are consumed by the quest for geological and archeological proof that the flood really occurred Persistent rumors of a large vessel on the mountain of Ararat in Turkey for instance have led many pilgrims and explorers over the centuries to visit that fabled peak Recent finds suggest that there may have been a catastrophic flood on the shores of the Black Sea some 7 600 years ago Is this then the reality behind the ancient tale of Noah More to the point why does it matter What does the story of the Flood mean to us and why does it so stir the collective imagination When the Great Abyss Opened examines the history of our attempts to understand the Flood from medieval Jewish and Christian speculation about the physical details of the ark to contemporary efforts to link it to scientific findings Unraveling the mythical dimensions of the parallel Mesopotamian flood stories and their deeper social and psychological significance J David Pleins also considers the story s positive uses in theology and moral instruction Noah s tale however has also been invoked as a means of justifying exclusion racism and anti homosexual views Pro slavery advocates for example used the story of Noah s Curse on Ham s son Canaan to rationalize the

enslavement of Africans Throughout this expansive and lively book Pleins sheds new light on our continuing attempts to understand this ancient primal myth Noah s Flood he contends offers a unique case study that illuminates the timeless and timely question of how fact and faith relate Theory of gontierism Vol 1 Darrell Gontier,2012-07-08 Darrells Theory of numbers and numerology completely different First Things ,1998 *The True Bible Code* Lord's Witnesses (Organization),2000 *Psychoanalysis, Culture & Society* ,2008 Forthcoming Books Rose Army,2004 **Unintelligent Design** Mark Perakh,2004 Physicist Perakh critically reviews recent trends towards harmonizing religion and science and shows that all such approaches are little more than tailoring evidence to fit the desired theory **Public Library Catalog** Juliette Yaakov,2004 More than 8 000 books in the main volume More than 2 400 new titles in annual paperbound supplements More than 2 000 analytic entries for items in collections and anthologies **The Bible Among American Bible Believers** Brian Malley,2002 *The Bible Code Solved* Tracy Yates,2017-12-05 In 1997 Michael Drosnin published *The Bible Code* This book demonstrated that amazing things from the past present and future are encoded within the Bible Every major event in world history every major figure in world history seems to be encoded in the Bible Michael Drosnin Despite intentional disinformation claiming to have debunked the Bible codes they are real and they are taken very seriously Ordinarily we would assume that the US Pentagon and anything having to do with the Bible would be far removed from one another But in 1994 statistical science a respected mathematical Journal published report number three volume 9 titled Equal distant letter sequences in the book of Genesis That report found its way to the Pentagon s national secret agency of cryptology And made it to the desk of Harold Gans a senior cryptographer for the Pentagon s national security agency Gans knew that equal letter Skip sequence was a code form widely used by governments and their agents The idea that they would occur in the book of Genesis was hard for him to believe He found it so difficult to believe that he wrote his own computer program based on his intimate knowledge of encryption techniques with the intent of disproving the results published by Statistical Science If the codes were simply a matter random chance then Gan s program would reveal this After testing the codes with this program Gans made the statement The probability that these codes could appear by accident is virtually nonexistent In the plain text the Bible tells us that God spoke our universe into existence The ancient Torah is the source code behind creation Recently they have discovered binary code at the quantum level Physicists James Gates claims to have actually found quantum bits of 1 s and 0 s The Bible Code has been solved The Torah is the source code that supports our reality Once the code is solved the keys to creation are revealed In *The Bible Code Solved* you will learn the finest details behind exactly how God created the universe I encourage everyone to be seated when they get to the conclusion of this book where you will be given a source that you can verify on your computer containing the most amazing proof of God that has ever been available to the public *Charisma and Christian Life* ,1997 *September 11* Lauren Tratar,2002 Compelling evidence suggests that a deeper meaning underlies the terrorist attacks of September 11 that humanity received a 9 1 1
