Creating Christian Community:

Creating Christian Communities Richard R. Diefenderfer, 2003 **Paradox: Creating Christian Community beyond Us and Them** Ken Howard, 2010-09-01 As Western Christianity moves towards a religious realignment of epic proportions where does your congregation stand How will you navigate these changes Paradigms that have guided the Church for centuries are crumbling The old dichotomy between conservatives and liberals that has defined us for centuries is becoming almost irrelevant What are our true differences today Where and how will we come together as a Christian people for the future Paradox is a book for those who would lead churches in challenging times We must answer three basic questions Where are we now How did we get here Where do we go from here [Creating Church Online](#) Tim Hutchings, 2017-04-21 Online churches are internet based Christian communities pursuing worship discussion friendship support proselytization and other key religious goals through computer mediated communication Hundreds of thousands of people are now involved with online congregations generating new kinds of ritual leadership and community and new networks of global influence Creating Church Online constructs a rich ethnographic account of the diverse cultures of online churches from virtual worlds to video streams This book also outlines the history of online churchgoing from its origins in the 1980s to the present day and traces the major themes of academic and Christian debate around this topic Applying some of the leading current theories in the study of religion media and culture to this data Tim Hutchings proposes a new model of religious design in contexts of mediatization and draws attention to digital networks transformative third spaces and terrains of existential vulnerability Creating Church Online advances our understanding of the significance and impact of digital media in the religious and social lives of its users in search of new theoretical frameworks for digital religion *Making Neighborhoods Whole* Wayne Gordon, John M. Perkins, 2013-08-26 Civil rights leader John Perkins and CCDCA president Wayne Gordon revisit the founding principles of the Christian Community Development Association seeking to provide the terms for a new discussion around the emerging priorities of Christian community development today Includes profiles of thriving urban ministries [Soulmates](#) David Horn, 2022-05-03 What does it mean to develop true community in our churches and how do we get there For all the vast talk about the nature of the church over the years our understanding of the actual relationship we euphemistically call Christian community is rather thin and incomprehensible Peel away the institutional hard shell around what we understand to be the church and what fleshy relationship lies within In Soulmates David Horn addresses the above questions with creativity wisdom and pastoral love equipping you with a practical roadmap to achieving deeper relationships within your church community By setting the utterly unique relationship fellowship against the backdrop of another important relationship that serves most often as its chief counterfeit friendship Horn seeks to give definition and understanding to true Christian community Covering such topics as the many faces of relationship the nature of friendship the making of community the hospitality of sojourners and aliens and more Soulmates invites readers to

understand and move into the uncommon relationship that we as the body of Christ are to engender in one another in our life together a relationship that is far more unique and radical than we often imagine *Creating Christian Community* Thomas G. Ogilvie, 2006 **Creating Community, Revised & Updated Edition** Andy Stanley, Bill Willits, 2009-03-25 Five keys to building a small group culture that fosters meaningful lasting connections within your church community Small groups are the key to impacting lives in your church But a healthy small group environment doesn't just happen So pull up a chair Let us talk about how to make it happen Bill Willits and bestselling author Andy Stanley share their successful approach which has resulted in nearly eight thousand adults becoming involved in small groups at North Point Community Church in Atlanta Simply put the five principles have passed the test This is not just another book about community this is a book about strategy strategy that builds a small group culture *Creating Community* shares clear and simple principles to help people connect into meaningful relationships The kind that God desires for each of us and that He uses to change our lives Put this proven method to work in your ministry and enjoy the tangible results God's people doing life TOGETHER The small group program at North Point Community Church is not an appendage it is not a program we tacked on to an existing structure It is part of our lifestyle We think groups We organize groups We are driven by groups *Creating Community* contains our blueprint for success And I believe it has the potential power to revolutionize your own small group ministry Andy Stanley
