Creating Theatre The Professionals Approach To New Plays:

The Plays of Beth Henley Gene A. Plunka, 2014-11-18 Beth Henley's twelve complete plays three of which have been turned into films have achieved worldwide production. At age 29 she produced her first full length drama *Crimes of the Heart* which won a Pulitzer Prize and garnered three Academy Award nominations as a film. Her Mississippi upbringing and her penchant for the eccentricities of southern culture however have caused critics to categorize her writing as a kind of southern gothic folklore inspired by feminist ideology. This book the first critical study of Henley's complete plays attempts to dispel the common stereotypes that associate Henley's work with regional drama and sociological treatises. It argues instead that Henley can best be perceived as a dramatist who delineates an existential despair manifested in various forms of what Freud calls the modern neurosis. The book maintains that Henley's plays must be understood as universal statements about the angst of modern civilization and Henley's characters are assessed in light of Freud's proposition that cultural restrictions create neurotic individuals. The introduction provides a brief account of Henley's childhood and career. Early chapters summarize the theory of the modern *angoisse* espoused in Freud's *Civilization and Its Discontents* while later chapters relate this theory to thematic and stylistic elements of Henley's most popular play *Crimes of the Heart* as well as *Am I Blue*, *The Wake of Jamie Foster*, *The Miss Firecracker Contest*, *The Debutante Ball*, *The Lucky Spot*, *Abundance*, *Signature Control*, *Freaks*, *Revelers*, *L. Play* and *Impossible Marriage*.

Dramaturgy in the Making Katalin Trencsényi, 2015-02-26 A thorough study of contemporary dramaturgical practices which draws on many examples from the work of leading theatre practitioners from the UK, Europe and North America. Theater Directing Kazimierz Braun, 2000 Polish born director, writer, playwright and scholar Braun, State U of New York Buffalo sets down the approach to creative theatre directing that he teaches in his classes. It is based on the two premises that directing is an act of creating of making something out of nothing and that is also a craft that requires skills, techniques, methods and tools to express the artistic energies and spiritual abundance of human life. After an introduction he discusses shaping a theater style, creative text
