Creating Identity in the Victorian Fictional Autobiography Heidi L. Pennington, 2018-04-30 This is the first book length study of the fictional autobiography a subgenre that is at once widely recognizable and rarely examined as a literary form with its own history and dynamics of interpretation Heidi L Pennington shows that the narrative form and genre expectations associated with the fictional autobiography in the Victorian period engages readers in a sustained meditation on the fictional processes that construct selfhood both in and beyond the text Through close readings of Jane Eyre David Copperfield and other well known examples of the subgenre Pennington shows how the Victorian fictional autobiography subtly but persistently illustrates that all identities are fictions Despite the subgenre s radical implications regarding the nature of personal identity fictional autobiographies were popular in their own time and continue to inspire devotion in readers This study sheds new light on what makes this subgenre so compelling up to and including in the present historical moment of precipitous social and technological change As we continue to grapple with the existential question of what determines who we really are this book explores the risks and rewards of embracing conscious acts of fictional self production in an unstable world *Foundations for Soul Care* Eric L. Johnson, 2009-08-20 Eric L Johnson proceeds to offer a new framework for the care of souls that is comprehensive in scope yet flows from a Christian understanding of human beings what amounts to a distinctly Christian version of psychology This book is a must read for any serious Christian teacher student or practitioner in the fields of psychology or counseling *Ārya*, 1915 *Dogmatic Theology* William Greenough Thayer Shedd, 1888 **Christ the Cornerstone (Best of Christianity Today)** John Stott, 2019-11-27 What does it mean to say Jesus is Lord The late Anglican pastor John Stott named as one of the 100 most influential people in 2005 by Time magazine was committed to the notion that Jesus lordship has ramifications for all of life Out of this conviction grew his contention that the whole mission of God includes both evangelism and social action Christ the Cornerstone recovers several decades of his writings exploring the consequences of Jesus lordship from the pages of Christianity Today including the regular Cornerstone column he wrote from 1977 1981 In them he treats such diverse topics as Scripture discipleship the worldwide mission of the church and social concerns such as the value of human life care for animals racial diversity and economic inequality Gain insight for today from the writings of a guiding light of evangelicalism [The Cross of Christ](#) John Stott, 2006-08-31 Why should the cross an object of Roman distaste and Jewish disgust be the emblem of our worship and the axiom of our faith And what does it mean for us today In this thoughtful comprehensive study of Scripture tradition and the modern world John R W Stott brings you face to face with the centrality of the cross in God s plan of redemption **God's Autopsy and the Living Truth of Soul** Hal Childs, 2022-08-22 The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God s Autopsy reinterprets soul and God as historical psychological phenomena related to

the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung s psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself
