works of Tsongkhapa and his disciples The manageable size of Beautiful Adornment and more importantly its lucid literary style made this work the classic source for the study of Indian thought used by students the across Tibetan cultural sphere In contemporary academic circles it has also been a central source for studying the Tibetan interpretation of the classical Indian philosophical systems    Cumulated Index to the Books ,1906    **The Fortnightly** ,1904    Our Living World John George Wood,1885    **Translation Series** ,1910
