Being A Psychology Of Self:

Understanding and Cultivating Well-being for the Pediatrician Sarah Webber, Jessica Babal, Megan A. Moreno, 2022-11-30 With growing attention surrounding the importance of physician well being organizations are institutionalizing physician well being efforts Promoting well being requires a understanding of the components barriers and promoters of physician well being While other books exist in this space many are focused on individual resilience building strategies or are too broad to apply to specific groups of physicians such as pediatricians A critical gap in the existing literature is a book that uses an evidence based model of well being and applying this model to unique experience of pediatricians Rather than a work centric approach the physician well being model we describe in this book takes a comprehensive approach to well being integrating evidence and expertise from a broad body of well being research and translating this knowledge to the lives and work of pediatricians Further while other texts focus on negative consequences of a lack of well being such as burnout this text is organized around defining understanding and optimizing well being Each chapter will provide strategies for both individual pediatricians and healthcare organizations to consider to improve pediatrician well being at their institution This book integrates well being science from disciplines outside of medicine offering innovative strategies to addressing this important issue This is a book designed for pediatricians health care leaders and organizations looking to better understand and implement strategies for pediatrician well being The authors will take readers on a journey through the history of physician well being leading to the current state of well being in the context of modern medical practice technology society policy and family life Using an integrated model of physician well being readers will learn about the current state solutions tensions and future directions of physician well being
