DeMartini, Martin I. Gallegos,Lauren Altenburger ,Nicola Carone,2024-12-12 Significant contextual changes over the past few decades have suggested that mother focused models of science do not accurately capture fathers involvement as caregivers and coparents

Extant research such as the study from Cabrera and their team in 2018 has debunked myths that paint fathers solely as secondary caregivers hands off parents and absent fathers On the contrary recent studies have suggested that fathers exert significant direct and indirect influences on child development and partner relationship quality via coparenting how parents work with or against each other to care for their children e g the studies from Farr Kuo and their team in 2017 McHale and their team in 2019 Murphy and their team in 2017 and Schoppe Sullivan Fagan in 2020 According to McHale and their team s research in 2019 coparenting has been of interest to family systems researchers clinicians as well as intervention and preventionists due to this construct capturing whole family dynamics While much of coparenting literature has focused on gender differences in the roles and involvement of opposite sex coparents such as the research from Carone Lingiardi in 2022 However we know less about coparenting in alternative family structures particularly gay father coparents as mothers are heavily emphasized in extant literature **Leading Head Start Into the Future** ,1997 A commitment to enhancing and developing leadership skills contributes to positioning Head Start as a central community institution for low income children and their families This guide comprised of three training modules is intended to help Head Start leaders refine and expand their skills and knowledge through a variety of training activities Module 1 Understanding Leadership helps participants understand the meaning of effective Head Start leadership allows them to explore how personal and organizational values are related to effective leadership and introduces the MOVER model of the leadership behaviors of mentoring engaging in outreach committing to a shared vision empowering others and acting as a role model Module 2 Influencing Organizational Culture focuses on techniques that extend leadership behaviors throughout the organization and demonstrates the impact of these behaviors on the organizational culture Module 3 Positioning Head Start for the Future encourages participants to recognize the role that the program plays in the community helps them to develop skills and behaviors for building or strengthening partnerships and allows participants to enhance their abilities to envision the future and to communicate their visions within the context of the MOVER behaviors Each module includes outcomes that are based on the guide outcomes key concepts and background information The leadership journal and professional development plan are intended to help participants reflect on their experiences and develop leadership action plans The final section of the guide is an annotated list of 50 print organizational and electronic resources Author KB **Audiovisual Resources** Wisconsin. Child Care Information Center,2005-06 **Resources in Education** ,1995-07 **Resources in Education** ,1995 **Developmental Care of Newborns & Infants** Carole Kenner,Jacqueline McGrath,National Association of Neonatal Nurses,2004 Provides a multidisciplinary approach to understanding the full scope of the developmental care of newborns and infants including the core knowledge of developmental care and the impact on that care Throughout core content focuses on solid evidence based practice across all disciplines and care providers and follows a holistic approach to understanding the interaction between the infant family and environment **YC Young Children** ,2006 **Current Index to Journals in Education** ,1991
