

THEREFORE I TELL YOU,

whatever you ask for in prayer,
believe that you have received
it, and it will be yours.

MARK 11:24

Believe Not 11

Phyllis Tickle

Believe Not 11:

The Words of Jesus Phyllis Tickle, 2019-03-05 What if you could encounter the words of Jesus on their own lifted up from the surrounding narratives and presented in their full power and mystery That s the question Phyllis Tickle one of America s most beloved writers on Christian spirituality asked when she set out to write what she calls a sayings gospel In *The Words of Jesus* Tickle has compiled and arranged all the sayings of Jesus from the first four books of the New Testament and the first chapter of Acts in a way that creates an entirely new kind of encounter with the texts And she accompanies those sayings with her own personal reflections and commentaries not just on the words themselves but on the One who spoke them

The Englishman's Greek Concordance of the New Testament; being an attempt at a verbal connexion between the Greek and the English texts, etc. [By George V. Wigram, assisted by William Burgh.] L.P. ,1839

A Brief Concordance or Table to the Bible ... Carefully perused and enlarged by John Downam ,1732

Bodies in Early Modern Religious Dissent Elisabeth Fischer, Xenia von Tippelskirch, 2021-05-30 In early modern times religious affiliation was often communicated through bodily practices Despite various attempts at definition these practices remained extremely fluid and lent themselves to individual appropriation and to evasion of church and state control Because bodily practices prompted much debate they serve as a useful starting point for examining denominational divisions allowing scholars to explore the actions of smaller and more radical divergent groups The focus on bodies and conflicts over bodily practices are the starting point for the contributors to this volume who depart from established national and denominational historiographies to probe the often ambiguous phenomena occurring at the interstices of confessional boundaries In this way the authors examine a variety of religious living conditions socio cultural groups and spiritual networks of early modern Europe and the Americas The cases gathered here skillfully demonstrate the diverse ways in which regional and local differences affected the interpretation of bodily signs This book will appeal to scholars and students of early modern Europe and the Americas as well as those interested in religious and gender history and the history of dissent
