Bella Coola:

At Home with the Bella Coola Indians Douglas Cole, John Barker, 2007-10-01 Between 1922 and 1924 the young Canadian anthropologist T F McIlwraith spent eleven months in the isolated community of Bella Coola British Columbia living among the people of the Nuxalk First Nation During his time there McIlwraith gained intimate knowledge of the Nuxalk culture and of their struggle to survive in the face of massive depopulation loss of traditional lands and the efforts of the Canadian government to ban the potlatch McIlwraith s resulting ethnography *The Bella Coola Indians* 1948 is widely considered the finest published study of a Northwest Coast First Nation This volume is a rich complement to McIlwraith s classic work incorporating his letters from the field as well as previously unpublished essays on the Nuxalk Vivid and lively the letters show the human side of the anthropologist and provide a fascinating insight into the famous Northwest winter ceremonials and potlatch events in which McIlwraith was one of the few white men privileged to participate as a dancer and partner Extensive editorial annotations and striking photographs make this book a pleasurable read that will appeal to anthropologists and historians as well as those with interests in Northwest cultures and the history of anthropology in Canada

Bella Coola Hans Granander, Michael Wigle, 2004 Bella Coola is a name that became familiar to millions recently thanks to a worldwide campaign to protect vast tracts of the region s rainforest and grizzly bear habitat under the banner of the Great Bear Rainforest but despite the attention it has received the area remains enigmatic to much of the outside world In this magnificently illustrated book long time Bella Coola residents Hans Granander and Michael Wigle explore both the human settlements of Bella Coola country and the awe inspiring wilderness that encircles them Between the sea and mountains of British Columbia s Central Coast fog shrouds 2 7 million hectares of largely old growth forest including a protected area twice the size of Yellowstone Park that harbours Canada s largest grizzly bears The authors brilliant images of the region s spectacular scenery and abundant wildlife show why it has been a magnet for world class adventurers like Thor Heyerdahl and Sir Edmund Hillary for over a century
